(4) The Office for the Blind within the Education Cabinet and qualified ***nonprofit*** agencies ***and work centers*** for ***the severely disabled***[~~individuals with severe disabilities~~] shall annually cause to be made available to the ***Kentucky State Use Commission***[~~Finance and Administration Cabinet,~~] lists of the products or services available.

(5) If two (2) or more of the ***qualified nonprofit*** agencies ***and work centers for the blind or severely disabled***[~~or qualified nonprofit organizations~~] wish to supply identical commodities or services, the ***Kentucky State Use Commission***[~~Finance and Administration Cabinet~~] shall conduct negotiations with the parties to determine which shall be awarded the contract.[~~ The decision of the Finance and Administration Cabinet shall be based upon quality of the commodity or service and the ability of the respective agencies to supply the commodity or service within the requested delivery time.~~]

Section 5. KRS 45A.080 is amended to read as follows:

(1) ***Except as provided by Section 4 of this Act,*** contracts exceeding the amount provided by KRS 45A.100 shall be awarded by competitive sealed bidding unless it is determined in writing that this method is not practicable. Factors to be considered in determining whether competitive sealed bidding is not practicable shall include:

(a) Whether specifications can be prepared that permit award on the basis of best value; and

(b) The available sources, the time and place of performance, and other relevant circumstances as are appropriate for the use of competitive sealed bidding.

(2) The invitation for bids shall state that awards shall be made on the basis of best value. In any contract which is awarded under an invitation to bid which requires delivery by a specified date and imposes a penalty for late delivery, if the delivery is late, the contractor shall be given the opportunity to present evidence that the cause of the delay was beyond his control. If it is the opinion of the purchasing officer that there is sufficient justification for delayed delivery, the purchasing officer may adjust or waive any penalty that is provided for in the contract.

(3) Adequate public notice of the invitation for bids shall be given a sufficient time prior to the date set forth for the opening of bids. The notice may include posting on the Internet or publication in a newspaper or newspapers of general circulation in the state as determined by the secretary of the Finance and Administration Cabinet not less than seven (7) days before the date set for the opening of the bids. The provisions of this subsection shall also apply to price contracts and purchase contracts of state institutions of higher education.

(4) Bids shall be opened publicly at the time and place designated in the invitation for bids. At the time the bids are opened, the purchasing agency shall announce the agency's engineer's estimate, if applicable, and make it a part of the agency records pertaining to the letting of any contract for which bids were received. Each bid, together with the name of the bidder and the agency's engineer's estimate, shall be recorded and be open to public inspection. Electronic bid opening and posting of the required information for public viewing shall satisfy the requirements of this subsection.

(5) The contract shall be awarded by written notice to the responsive and responsible bidder whose bid offers the best value.

(6) Correction or withdrawal of bids shall be allowed only to the extent permitted by regulations issued by the secretary.

Section 6. KRS 45A.085 is amended to read as follows:

(1) When, under administrative regulations promulgated by the secretary or under KRS 45A.180, the purchasing officer determines in writing that the use of competitive sealed bidding is not practicable, and except as provided in KRS 45A.095***,***~~[and]~~ 45A.100, ***and Section 4 of this Act,*** a contract may be awarded by competitive negotiation.

(2) Adequate public notice of the request for proposals shall be given in the same manner and circumstances as provided in KRS 45A.080(3).

(3) Contracts other than contracts for projects utilizing an alternative project delivery method under KRS 45A.180 may be competitively negotiated when it is determined in writing by the purchasing officer that the bids received by competitive sealed bidding either are unreasonable as to all or part of the requirements, or were not independently reached in open competition, and for which each competitive bidder has been notified of the intention to negotiate and is given reasonable opportunity to negotiate.

(4) Contracts for projects utilizing an alternative project delivery method shall be processed in accordance with KRS 45A.180.

(5) The request for proposals shall indicate the relative importance of price and other evaluation factors.

(6) Award shall be made to the responsible offeror whose proposal is determined in writing to be the most advantageous to the Commonwealth, taking into consideration price and the evaluation factors set forth in the request for proposals.

(7) Written or oral discussions shall be conducted with all responsible offerors who submit proposals determined in writing to be reasonably susceptible of being selected for award. Discussions shall not disclose any information derived from proposals submitted by competing offerors. Discussions need not be conducted:

(a) With respect to prices, where the prices are fixed by law or administrative regulation, except that consideration shall be given to competitive terms and conditions;

(b) Where time of delivery or performance will not permit discussions; or

(c) Where it can be clearly demonstrated and documented from the existence of adequate competition or prior experience with the particular supply, service, or construction item, that acceptance of an initial offer without discussion would result in fair and reasonable best value procurement, and the request for proposals notifies all offerors of the possibility that award may be made on the basis of the initial offers.

Section 7. KRS 45A.095 is amended to read as follows:

(1) A contract may be made by noncompetitive negotiation only for sole source purchases, or when competition is not feasible, as determined by the purchasing officer in writing prior to award, under administrative regulations promulgated by the secretary of the Finance and Administration Cabinet or the governing boards of universities operating under KRS Chapter 164A, ***pursuant to Section 4 of this Act,*** or when emergency conditions exist. Sole source is a situation in which there is only one (1) known capable supplier of a commodity or service, occasioned by the unique nature of the requirement, the supplier, or market conditions. Insofar as it is practical, no less than three (3) suppliers shall be solicited to submit written or oral quotations whenever it is determined that competitive sealed bidding is not feasible. Award shall be made to the supplier offering the best value. The names of the suppliers submitting quotations and the date and amount of each quotation shall be placed in the procurement file and maintained as a public record. Competitive bids may not be required:

(a) For contractual services where no competition exists, such as telephone service, electrical energy, and other public utility services;

(b) Where rates are fixed by law or ordinance;

(c) For library books;

(d) For commercial items that are purchased for resale;

(e) For interests in real property;

(f) For visiting speakers, professors, expert witnesses, and performing artists;

(g) For personal service contracts executed pursuant to KRS 45A.690 to 45A.725; and

(h) For agricultural products in accordance with KRS 45A.645.

(2) The chief procurement officer, the head of a using agency, or a person authorized in writing as the designee of either officer may make or authorize others to make emergency procurements when an emergency condition exists.

(3) An emergency condition is a situation which creates a threat or impending threat to public health, welfare, or safety such as may arise by reason of fires, floods, tornadoes, other natural or man-caused disasters, epidemics, riots, enemy attack, sabotage, explosion, power failure, energy shortages, transportation emergencies, equipment failures, state or federal legislative mandates, or similar events. The existence of the emergency condition creates an immediate and serious need for services, construction, or items of tangible personal property that cannot be met through normal procurement methods and the lack of which would seriously threaten the functioning of government, the preservation or protection of property, or the health or safety of any person.

(4) The Finance and Administration Cabinet may negotiate directly for the purchase of contractual services, supplies, materials, or equipment in bona fide emergencies regardless of estimated costs. The existence of the emergency shall be fully explained, in writing, by the head of the agency for which the purchase is to be made. The explanation shall be approved by the secretary of the Finance and Administration Cabinet and shall include the name of the vendor receiving the contract along with any other price quotations and a written determination for selection of the vendor receiving the contract. This information shall be filed with the record of all such purchases and made available to the public. Where practical, standard specifications shall be followed in making emergency purchases. In any event, every effort should be made to effect a competitively established price for purchases made by the state.

Section 8. KRS 45A.100 is amended to read as follows:

(1) ***If purchases are not available under the provisions of Section 4 of this Act,*** procurements may be made in accordance with small purchase administrative regulations promulgated by the secretary of the Finance and Administration Cabinet, pursuant to KRS Chapter 13A, as follows:

(a) Up to ten thousand dollars ($10,000) per project for construction and one thousand dollars ($1,000) for purchases by any state governmental body, except for those state administrative bodies specified in paragraph (b) of this subsection; and

(b) Up to forty thousand dollars ($40,000) per project for construction or purchases by the Finance and Administration Cabinet, state institutions of higher education, and the legislative branch of government.

(2) Procurement requirements shall not be artificially divided so as to constitute a small purchase under this section. At least every two (2) years, the secretary shall review the prevailing costs of labor and materials and may make recommendations to the next regular session of the General Assembly for the revision of the then current maximum small purchase amount as justified by intervening changes in the cost of labor and materials.

(3) The secretary of the Finance and Administration Cabinet may grant to any state agency with a justifiable need a delegation of small purchasing authority which exceeds the agency's small purchase limit provided in subsection (1) of this section. Delegations of small purchasing authority shall be granted or revoked by the secretary of the Finance and Administration Cabinet, in accordance with administrative regulations promulgated by the cabinet pursuant to KRS Chapter 13A. These administrative regulations shall establish, at a minimum, the criteria for granting and revoking delegations of small purchasing authority, including the requesting agency's past compliance with purchasing regulations, the level of training of the agency's purchasing staff, and the extent to which the agency utilizes the Kentucky Automated Purchasing System. The administrative regulations may permit the secretary of the Finance and Administration Cabinet to delegate small purchase procurements up to the maximum amount specified in subsection (1)(b) of this section.

The Committee on Appropriations and Revenue reported **HB 187,** with Committee Substitute and Committee Amendment attached thereto, **HB 327** with the expression of opinion that the same should pass. Read at length for the first time and ordered placed in the Calendar.

HB 187, AN ACT relating to the funding of local jails.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 441 IS CREATED TO READ AS FOLLOWS:

Beginning July 1, 2008, the state shall reimburse counties for prisoners held in county jails that have had time served in a county jail credited to a sentence pursuant to KRS 532.120(3) or (4). The Committee Substitute to **HB 187** is as follows:

HB 187, AN ACT relating to the funding of local jails.

WHEREAS, county jails provide a valuable public service by housing prisoners who would otherwise need to be housed in an overcrowded state system, and by housing state prisoners prior to their sentencing and transfer to state prison; and

WHEREAS, the state does not reimburse counties for inmate housing and medical costs incurred prior to final sentencing and transfer; and

WHEREAS, the costs of operating a county jail consume a substantial and increasing portion of county budgets with limited options available to counties for generating new revenue to offset increasing jail costs; and

WHEREAS, fragmentation in Kentucky's correctional system may contribute to the financial burden placed upon county-operated jails;

NOW, THEREFORE,

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

(1) Any individual who is an eligible individual is eligible for coverage under Kentucky Access, except as specified in paragraphs (a), (b), (d), and (e) of subsection (4) of this section.

(2) Any individual who is not an eligible individual who has been a resident of the Commonwealth for at least twelve (12) months immediately preceding the application for Kentucky Access coverage is eligible for coverage under Kentucky Access if one (1) of the following conditions is met:

  (c) The individual has a high-cost condition listed in KRS 304.17B-001.

(3) A Kentucky Access enrollee whose premium rates exceed claims for a three (3) year period shall be issued a notice of insurability. The notice shall indicate that the Kentucky Access enrollee has not had claims exceed premium rates for a three (3) year period and may be used by the enrollee to obtain insurance in the regular individual market.

(4) An individual shall not be eligible for coverage under Kentucky Access if:

  (a) The individual has, or is eligible for, on the effective date of coverage under Kentucky Access, substantially similar coverage under another contract or policy, unless the individual was issued coverage from a GAP participating insurer as a GAP qualified individual prior to January 1, 2001.   (e) The individual is confined to a public institution or incarcerated in a federal, state, or local penal institution or in the custody of federal, state, or local law enforcement authorities, including work release programs. ***This provision shall not apply to a covered individual who is charged with violation of a law, but who has not received final sentencing, and is a prisoner confined in a county jail. A health benefit plan issued or renewed by Kentucky Access on or after the effective date of this Act is subject to Section 1 of this Act.***

(5) The coverage of any person who ceases to meet the requirements of this section or the requirements of any administrative regulation promulgated under this subtitle may be terminated.

Section 7. KRS 441.045 is amended to read as follows:

(1) The county governing body shall prescribe rules for the government, security, safety, and cleanliness of the jail and the comfort and treatment of prisoners, provided such rules are consistent with state law. The county judge/executive may inspect the jail at any reasonable time.

(7) ***County reimbursement for care provided by physicians, hospitals, laboratories, or other health care providers for the cost of necessary medical, dental, or psychological care for a prisoner shall not exceed the maximum payments allowed to similar persons or facilities for the same or similar services under the Kentucky Medical Assistance Program, except as may be provided for in subsection (4), (5), or (6) of this section. This subsection shall not be deemed to prevent the creation of new programs, or disallow any existing programs, for the provision of necessary medical, dental, or psychological care for a prisoner that provide for reimbursements less than the payments allowed to similar persons or facilities for the same or similar services under the Kentucky Medical Assistance Program.***

(8) When the cost of necessary medical, dental, or psychological care for a prisoner exceeds two thousand dollars ($2,000), as calculated by using the maximum allowable costs to similar persons or facilities for the same or similar services under the Kentucky Medical Assistance Program, the state shall reimburse the county for that portion of the costs that exceeds two thousand dollars ($2,000). The reimbursement shall be subject to the following terms and conditions:

(a) The care is necessary as defined in subsection *(11)*[~~(10)~~] of this section;

(b) The prisoner is indigent as defined in subsection *(9)*[~~(8)~~] of this section, or is uninsured; and

(c) No state reimbursement to the county for care provided by physicians, hospitals, laboratories, or other health care providers shall exceed the maximum payments allowed to similar persons or facilities for the same or similar services under the Kentucky Medical Assistance Program, except as provided in subsection *(12)*[~~(11)~~] of this section.

Section 66. 2006 Kentucky Acts Chapter 252, PART VI, GENERAL FUND BUDGET REDUCTION PLAN, at page 1409, is amended to read as follows:

PART VI

GENERAL FUND BUDGET REDUCTION PLAN

Pursuant to KRS 48.130 and 48.600, a General Fund Budget Reduction Plan is enacted for state government in the event of an actual or projected deficit in estimated General Fund revenue receipts of ***$8,700,574,800***~~[$8,514,872,500]~~ in fiscal year 2006-2007 and ***$9,005,362,000***~~[$8,879,172,400]~~ in fiscal year 2007-2008 as modified by related Acts and actions of the General Assembly in an extraordinary or regular session. Direct services, obligations essential to the minimum level of constitutional functions, and other items that may be specified in this Act, are exempt from the requirements of this Plan. Each branch head shall prepare a specific plan to address a proportionate share of the General Fund revenue shortfall applicable to the respective branch. No budget revision action shall be taken by a branch head in excess of the actual or projected deficit.

The Governor, the Chief Justice, and the Legislative Research Commission shall direct and implement reductions in allotments and appropriations only for their respective branch budget units as may be necessary as well as take other measures which shall be consistent with the provisions of this Part and general branch budget bills.

In the event of a revenue shortfall under the provisions of KRS 48.120, General Fund budget reduction actions shall be implemented in the following sequence:

(1) The Local Government Economic Assistance and the Local Government Economic Development Funds shall be adjusted by the Secretary of the Finance and Administration Cabinet to equal revised estimates of receipts pursuant to KRS 42.4582 as modified by the provisions of this Act;

(2) Transfers of excess unappropriated Restricted Funds other than fiduciary funds shall be applied as determined by the head of each branch for its respective budget units;

(3) Excess General Fund appropriations which accrue as a result of personnel vacancies and turnover, and reduced requirements for operating expenses, grants, and capital outlay shall be determined and applied by the heads of the executive, judicial, and legislative departments of state government for their respective branches. The branch heads shall certify the available amounts which shall be applied to budget units within the respective branches and shall promptly transmit the certification to the Secretary of the Finance and Administration Cabinet and the Legislative Research Commission. The Secretary of the Finance and Administration Cabinet shall execute the certified actions as transmitted by the branch heads.

Branch heads shall take care, by their respective actions, to protect, preserve, and advance the fundamental health, safety, legal and social welfare, and educational well-being of the citizens of the Commonwealth;

(4) Funds available in the Budget Reserve Trust Fund shall be applied in an amount not to exceed 25 percent of the trust fund balance in fiscal year 2006-2007 and 50 percent of the trust fund balance in fiscal year 2007-2008; and

(5) Notwithstanding KRS 48.130 and 48.600, if the actions contained in subsections (1) to (4) of this section are insufficient to eliminate an actual or projected revenue shortfall in the enacted General Fund revenue receipts, then the Governor is empowered and directed to take necessary actions with respect to the Executive Branch budget units to balance the budget by such actions conforming with the criteria expressed in this Part.

[~~(c) The Kentucky Retirement Systems to address a portion of the actuarially unfunded liability; and~~]

(d) The Kentucky Teachers' Retirement System's medical insurance fund as established in KRS 161.420 to augment the state medical insurance stabilization contribution as established in KRS 161.550.

(2) The Secretary of the Finance and Administration Cabinet shall determine, within 30 days after the close of the fiscal year 2005-2006, and the close of fiscal year 2006-2007, based on the official financial records of the Commonwealth, the amount of actual General Fund undesignated fund balance for the General Fund Surplus Account that may be available for expenditure pursuant to the Plan respectively in fiscal year 2005-2006 and fiscal year 2006-2007. The Secretary of the Finance and Administration Cabinet shall certify the amount of actual General Fund undesignated fund balance available for expenditure to the Legislative Research Commission.

HCR 148, A CONCURRENT RESOLUTION encouraging the Kentucky Department of Agriculture to promulgate regulations to allow certain equine health certificates and permits to coincide.

WHEREAS, while Kentucky is known worldwide for its thoroughbred and standardbred horses, it also has a vibrant and dynamic recreation and exhibition horse industry; and

WHEREAS, a recent American Horse Council Foundation study showed the horse industry produced an economic impact in Kentucky totaling over $1.2 billion from showing and recreation; and

WHEREAS, the study further revealed there are almost 190,000 horses in Kentucky representing the showing and recreation segment of the industry; and

WHEREAS, exhibiting horses in shows, trail rides, and rodeos is important, not only for those thousands of people involved, but to cities and towns hosting the events across the state; and

WHEREAS, equine events and exhibitions attract out-of-state guests to Kentucky, both as participants in the events, but also as fans of the activities, particularly in the summertime; and

WHEREAS, the Kentucky Department of Agriculture plays a significant role in ensuring that infectious diseases are not allowed to take hold as show and exhibition horses are moved to venues throughout the state; and

WHEREAS, certain equine health certificates and permits such as the Kentucky certificate of veterinary inspection (CVI) and equine infectious anemia (EIA) test do not coincide, but could do so; and

WHEREAS, it would pose no significant additional health risk for the Kentucky intrastate CVI permit to be valid for a year, allowing it to correspond with the EIA permit, and eliminating some costly and time-consuming renewals that may occur during the recreation and exhibition season; and

WHEREAS, Kentucky has joined the voluntary regional Equine Interstate Movement Permit Program (Passport Program), which allows interstate movement of horses to take place, so long as health certificates are valid; and

WHEREAS, because Kentucky has not implemented the Passport Program, other states' equine CVI health permits are valid for only 30 days in the Commonwealth;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky, the Senate concurring therein:

Section 1. The General Assembly encourages the Kentucky Department of Agriculture to act expeditiously in promulgating the regulations necessary to allow the CVI permit to be in effect for a year, instead of the current duration of 150 days.

Section 2. The General Assembly urges the Kentucky Department of Agriculture to take the steps necessary to become a participating member of the equine Passport Program, thus allowing other states' equine certificates of veterinary inspection to be valid for six months in Kentucky.

Section 3. The Clerk of the House of Representatives is directed to transmit a copy of this Resolution to the Honorable Richie Farmer, Commissioner, Kentucky Department of Agriculture, for his review.

If the complaint does not constitute a prima facie case, the commission shall allow the complainant ten (10) days to revise and supplement the complaint in order to cure any defect. If the complainant fails to respond within ten (10) days or if the revised and supplemented complaint does not constitute a prima facie case that the licensee has violated the provisions of KRS 324.160, the commission shall dismiss the matter without requiring the licensee to file or serve a response.

(2) If the complaint constitutes a prima facie case that a licensee has violated the provisions of KRS 324.160, a copy of the complaint, exhibits attached thereto, and any subsequent pleadings, shall be served on the licensee, by the commission, at the licensee's last known address and shall show certification that there has been service by writing to the last known address.

Section 11. KRS 324.420 is amended to read as follows:

(1) An aggrieved party may commence an administrative action which may result in collection from the recovery fund by first filing a complaint with the commission on a form prepared by the commission. The complaint shall constitute a prima facie case that a licensee is in violation of KRS 324.160 and is subject to the same conditions set forth in KRS 324.150. If the complaint constitutes a prima facie case and the matter is not settled, the commission shall hold a hearing pursuant to the requirements set forth in the provisions of this chapter and KRS Chapter 13B to determine if a violation of this chapter has in fact occurred. If a violation of fraud is so found, the commission shall determine if the violation resulted in damages to complainant and in what amount. If damages cannot be accurately determined, then the amount of damages shall be determined by a Circuit Court in the county where the violation took place. In the event the question of damages is referred to the Circuit Court, the decision of the commission will not be final and appealable until the question of damages is certifiable.

(2) Upon final order by the commission or upon certification to the commission by the Circuit Court on the issue of damages, and after the licensee has refused to pay the claim within a period of twenty (20) days of entry of a final order, the aggrieved party or parties shall be paid the amount or amounts by the commission from the recovery fund.

(3) The license of the licensee against whom the claim was made by the aggrieved party shall be suspended or may be permanently revoked until such time as the licensee has reimbursed the recovery fund in full for all amounts paid, plus interest at the rate of ten percent (10%) per annum.

(4) Any party aggrieved by a final order of the commission may appeal to the Circuit Court where the licensee has his principal place of business or where the applicant resides in accordance with KRS Chapter 13B.

(5) Upon the final order of the court, and after the commission has paid from the real estate education, research, and recovery fund any sum to the aggrieved party, the commission shall be subrogated to all of the rights of the aggrieved party to the extent of the payment. The aggrieved party shall to the extent of the payment assign his right, title and interest in the judgment to the commission. After such assignment, the commission may challenge in bankruptcy court any attempt by a former licensee to discharge the debt, if proper notice is given. Any funds recovered by the commission shall be deposited in the real estate education, research, and recovery fund.

(6) No aggrieved party shall be entitled to recover compensation from the real estate education, research, and recovery fund unless the action against the licensee is commenced within two (2) years from actual knowledge of the cause of action or from the time when circumstances should reasonably have put the aggrieved party on notice of the cause of action.

(5) Upon licensure and each renewal, the principal broker shall sign a permit giving the commission the permission to audit all his ***or her*** escrow accounts.

(6) Upon being notified that one (1) or more parties to a contract intends not to perform, the broker may release the contract deposit as provided in the contract or if no provision is made in the contract, the broker may initiate the release process. The release process shall require the broker to notify all parties at their last known address by certified mail that the contract deposit shall be distributed to the parties specified in the letter unless all parties enter into a written mutual release, or unless one (1) or more of the parties initiate litigation within sixty (60) days of the mailing date of the certified letter. If neither buyer nor seller initiates litigation or enters into a written release within sixty (60) days of the mailing date of the certified letter, the broker may release the deposit to the party identified in the certified letter without penalty under this section and without civil liability in the courts of the Commonwealth of Kentucky.

(7) All principal brokers whose companies engage in property management shall maintain property management accounts separate from all other accounts or specifically indicate in all escrow records if funds are property management funds.

Section 2. KRS 324.150 is amended to read as follows:

(1) The commission or its staff may on its own initiative investigate the actions of any licensee or any person who acts in that

capacity. On the verified written complaint of any person, the commission shall investigate the actions of any person who assumes to act in that capacity, if the complaint, together with any evidence presented in connection with it, alleges a prima facie case that a violation set out in KRS 324.160 has been committed. After the investigation, the commission may order a hearing and, in appropriate cases, take disciplinary action against any licensee who is found in violation of KRS 324.160. ***The commission may conduct an emergency hearing when alleged escrow account violations warrant emergency action. The commission shall promulgate administrative regulations to describe the specific circumstances and allegations that authorize emergency action. The emergency hearing shall be conducted in accordance with the provisions of KRS Chapter 13B as it relates to emergency orders and emergency hearings.***

If the complaint does not constitute a prima facie case, the commission shall allow the complainant ten (10) days to revise and supplement the complaint in order to cure any defect. If the complainant fails to respond within ten (10) days or if the revised and supplemented complaint does not constitute a prima facie case that the licensee has violated the provisions of KRS 324.160, the commission shall dismiss the matter without requiring the licensee to file or serve a response.

(2) If the complaint constitutes a prima facie case that a licensee has violated the provisions of KRS 324.160, a copy of the complaint, exhibits attached thereto, and any subsequent pleadings, shall be served on the licensee, by the commission, at the licensee's last known address and shall show certification that there has been service by writing to the last known address.

The answer shall be returned to the commission within twenty (20) days. The licensee shall deliver to the complainant at his ***or her*** last known address a copy of the answer, exhibits attached thereto, and any subsequent pleadings. All further pleadings in the matter filed with the commission by either party shall show that a copy has been furnished to the opposing party or parties.

commission. A copy of the communication to the sales associate shall accompany the license when mailed or delivered to the commission. If the complaint constitutes a prima facie case and the matter is not settled, the commission shall hold a hearing pursuant to the requirements set forth in the provisions of this chapter and KRS Chapter 13B to determine if a violation of this chapter has in fact occurred. If a violation of fraud is so found, the commission shall determine if the violation resulted in damages to complainant and in what amount. If damages cannot be accurately determined, then the amount of damages shall be determined by a Circuit Court in the county where the violation took place. In the event the question of damages is referred to the Circuit Court, the decision of the commission will not be final and appealable until the question of damages is certifiable.

(2) Upon final order by the commission or upon certification to the commission by the Circuit Court on the issue of damages, and after the licensee has refused to pay the claim within a period of twenty (20) days of entry of a final order, the aggrieved party or parties shall be paid the amount or amounts by the commission from the recovery fund.

(3) The license of the licensee against whom the claim was made by the aggrieved party shall be suspended or may be permanently revoked until such time as the licensee has reimbursed the recovery fund in full for all amounts paid, plus interest at the rate of ten percent (10%) per annum.

(4) Any party aggrieved by a final order of the commission may appeal to the Circuit Court where the licensee has his principal place of business or where the applicant resides in accordance with KRS Chapter 13B.

(5) Upon the final order of the court, and after the commission has paid from the real estate education, research, and recovery fund any sum to the aggrieved party, the commission shall be subrogated to all of the rights of the aggrieved party to the extent of the payment. The aggrieved party shall to the extent of the payment assign his right, title and interest in the judgment to the commission. After such assignment, the commission may challenge in bankruptcy court any attempt by a former licensee to discharge the debt, if proper notice is given. Any funds recovered by the commission shall be deposited in the real estate education, research, and recovery fund.

(6) No aggrieved party shall be entitled to recover compensation from the real estate education, research, and recovery fund unless the action against the licensee is commenced within two (2) years from actual knowledge of the cause of action or from the time when circumstances should reasonably have put the aggrieved party on notice of the cause of action.

(7) ***No aggrieved party shall be entitled to recover compensation from the real estate education, research, and recovery fund, unless the compensation is for the actual financial harm suffered by the aggrieved party, and this financial harm is specifically and directly related to the property.***

(8) For purposes of this section, an "aggrieved party" shall mean either:

(a) A member of the consumer public who stands in a direct relationship to the licensee, i.e., one who demonstrates an interest in purchasing, leasing, renting, or otherwise securing an interest in real estate through a licensee and who believes that the licensee is in violation of the provisions of this chapter; or

(9)[~~(8)~~] If at any time the money on deposit in the real estate education, research and recovery fund is insufficient to satisfy any duly-authorized claim or portion thereof, the commission shall, when sufficient money has been deposited in the real estate education, research, and recovery fund, satisfy such unpaid claim or portions thereof, in the order that such claims or portions were originally filed, plus accumulated interest at the rate of ten percent (10%) per annum.

(10)[~~(9)~~] Any funds in excess of the four hundred thousand dollar ($400,000) level which are not being currently used, may be invested and reinvested as set forth in subsection (2) of KRS 324.410.

Licensed charitable organizations and exempt organizations shall maintain their charitable gaming records at their offices or places of business within the Commonwealth of Kentucky as identified in their license applications or applications for exempt status. All licensed charitable organizations shall be required to submit reports to the office at least quarterly. An exempt organization shall submit a yearly financial report in accordance with KRS 238.535(2), and failure to file this report shall constitute grounds for revocation of the organization's exempt status. Failure by a licensed charitable organization to file reports required under this chapter shall constitute grounds for revocation of the organization's license or denial of the organization's application to renew its license in accordance with KRS 238.560(3). Reports filed by a licensed charitable organization shall include, but shall not be limited to, the following information:

(a) All gross receipts received from charitable gaming for the reporting period, classified by type of gaming activity;

The type of action to be taken shall be based on the history of previous violations and the nature, severity, and frequency of the offense. Administrative action authorized in this section shall be in addition to any criminal penalties provided in this chapter or under other provisions of law.

(d) Notwithstanding any other provision of this section, in the case of a violation of the provisions of this chapter, or an administrative regulation promulgated hereunder, that is not willful, prior to taking any other administrative action, the office shall, within two (2) months of a determination that a violation has been committed, issue a letter of warning to any person licensed under this chapter that it determines has committed a violation. The letter of warning shall:

1. Identify the violation;

2. Describe the corrective action necessary;

3. Identify the administrative actions that can be taken if the violation is not addressed; and

4. Provide that the person shall have thirty (30) days to correct the action leading to the violation.

(4) The office may reinstate a license that has been revoked at any time after two (2) years from the date of revocation. A license may be reinstated only upon a finding that the violations for which the license was revoked have been corrected.

HCR 79, A CONCURRENT RESOLUTION directing the Legislative Research Commission to study alternative methods of establishing a system of universal health insurance coverage that provides access to affordable, high-quality health care for all residents of the Commonwealth of Kentucky.

WHEREAS, there are about 548,000 working-age Kentuckians who do not have health insurance; and

WHEREAS, health insurance premiums paid by Kentucky workers have increased by 54.6% since 2000 while Kentucky employees' earnings have increased only 17.6%, according to Families USA, resulting in Kentuckians paying much larger portions of their paychecks for health insurance as health insurance becomes more unaffordable; and

WHEREAS, the percentage of persons in the U.S. with employment-based health insurance declined in 2005 for the fifth consecutive year; and

WHEREAS, a study found that businesses expect to further restrict or eliminate retiree medical plans; and

WHEREAS, Kentucky's approach to the uninsured population since 2000 has been to target segments of the uninsured population, such as Kentucky Access and Insurance Coverage, and Affordability and Relief to Small Employers (ICARE); and

WHEREAS, Maine, Vermont, and Massachusetts have enacted universal health insurance programs and other states, including California, are considering universal health insurance legislation;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky, the Senate concurring therein:

Section 1. The Legislative Research Commission shall direct appropriate staff to study alternative methods of establishing a system of universal health insurance coverage that provides access to affordable, high-quality health care for all residents of the Commonwealth of Kentucky. The study shall identify the advantages and disadvantages and the costs of a universal health insurance system. The universal health insurance systems in Maine, Vermont, and Massachusetts shall be reviewed, and the population, economic characteristics, health care provider and health insurance environment, and other relevant factors of those states shall be compared to those factors in Kentucky.

Section 2. The Legislative Research Commission shall transmit the results of the study required by Section 1 of this Concurrent Resolution to the appropriate committees by November 1, 2007.

Section 3. Provisions of this resolution to the contrary notwithstanding, the Legislative Research Commission shall have the authority to alternatively assign the issues identified herein to an interim joint committee or subcommittee thereof, and to designate a study completion date.

HB 275, AN ACT relating to durable powers of attorney.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 386.093 is amended to read as follows:

(1) As used in this section, "durable power of attorney" means a power of attorney by which a principal designates another as the principal's attorney in fact in writing and the writing contains the words, "This power of attorney shall not be affected by subsequent disability or incapacity of the principal, or lapse of time", or "This power of attorney shall become effective upon the disability or incapacity of the principal", or similar words showing the intent of the principal that the authority

conferred shall be exercisable notwithstanding the principal's subsequent disability or incapacity, and, unless it states a time of termination, notwithstanding the lapse of time since the execution of the instrument.

(2) All acts done by an attorney in fact under a durable power of attorney during any period of disability or incapacity of the principal have the same effect and inure to the benefit of and bind the principal and the principal's successors in interest as if the principal were competent and not disabled. Unless the instrument states a time of termination, the power is exercisable notwithstanding the lapse of time since the execution of the instrument.

(3) The death of a principal who has executed a written power of attorney, durable or otherwise, does not revoke or terminate the agency as to the attorney in fact or other person, who, without actual knowledge of the death of the principal, acts in good faith under the power. Any action so taken, unless otherwise invalid or unenforceable, binds successors in interest of the principal.

(4) The disability or incapacity of the principal who has previously executed a written power of attorney that is not a durable power does not revoke or terminate the agency as to the attorney in fact or other person, who, without actual knowledge of the disability or incapacity of the principal, acts in good faith under the power. Any action so taken, unless otherwise invalid or unenforceable, binds the principal and the principal's successors in interest.

(5) If the power of attorney is to become effective upon the disability or incapacity of the principal, the principal may specify the conditions under which the power is to become effective and may designate the person, persons, or institution responsible for making the determination of disability or incapacity. If the principal fails to so specify, the power shall become effective upon a written determination by two (2) physicians that the principal is unable, by reason of physical or mental disability, to prudently manage or care for the principal's person or property, which written determination shall be conclusive proof of the attorney in fact's power to act pursuant to the power of attorney. The two (2) physicians making the determination shall be licensed to practice medicine.

(6) Notwithstanding any provision of law to the contrary, a durable power of attorney may authorize an attorney in fact to make a gift of the principal's real or personal property to the attorney in fact or to others if the intent of the principal to do so is unambiguously stated on the face of the instrument.

(7) The appointment of a guardian or conservator to manage a principal's real or personal property and other financial resources revokes a durable power of attorney. The appointment of a limited guardian or a limited conservator limits the attorney-in-fact to managing the principal's real or personal property or other financial resources not placed under the control and management of the limited guardian or the limited conservator.

(8) An "interested person or entity," as defined in KRS 387.510(12), who believes that an attorney-in-fact has breached a fiduciary duty or has otherwise acted against the best interest of the principal, may file a verified petition in District Court to revoke the durable power of attorney. The petition shall be filed in the county where the principal or attorney-in-fact resides, in the county of domicile of the principal, or in the county where any part of the financial resources of the principal is located. The petition shall state the factual basis for the petitioner's belief that the attorney-in-fact has breached a fiduciary duty or acted against the best interest of the principal. The court may appoint a guardian ad litem for the principal. The court, after reasonable notice to the petitioner, to the attorney-in-fact, to the principal, and to the guardian ad litem, shall conduct a hearing on the petition. The court, upon hearing the petition and upon finding that the attorney-in-fact has breached a fiduciary duty or has acted against the best interest of the principal, may revoke or amend the durable power of attorney; otherwise, the court shall dismiss the petition. In addition to or in lieu of revoking or amending the power of attorney, the court may order the attorney-in-fact to file within a reasonable time, not to exceed ninety (90) days, an accounting of all property received or disposed of by the attorney-in-fact on behalf of the principal under the durable power of attorney.

(5) A written operating agreement may impose reasonable limitations upon the use of any record of or information with respect to a limited liability company. Except as to limitations set forth in a written operating agreement to which a member requesting information has assented, the limited liability company bears the burden of proof in demonstrating the reasonableness of any restrictions imposed.

(a) The limited liability company would not be able to pay its debts as they become due in the usual course of business; or

(b) The limited liability company's assets would be less than the sum of its liabilities plus, unless otherwise provided in an operating agreement, the amount that would be needed, if the limited liability company were to be dissolved at the time of the distribution, to satisfy the preferential rights of other members upon dissolution which are superior to the rights of the member receiving the distribution.

(2) The limited liability company may base a determination that a distribution is not prohibited under subsection (1) of this section either on:

(a) Financial statements prepared on the basis of accounting practices and principles that are reasonable under the circumstances; or

(3) Except as provided in subsection (5) of this section, the effect of a distribution under subsection (1) of this section shall be measured as of:

(a) The date the distribution is authorized if the payment occurs within one hundred twenty (120) days after the date of authorization; or

(b) The date payment is made if it occurs more than one hundred twenty (120) days after the date of authorization.

(4) A limited liability company's indebtedness to a member incurred by reason of a distribution made in accordance with this section shall be at parity with the limited liability company's indebtedness to its general unsecured creditors, except to the extent subordinated by agreement.

(5) If terms of the indebtedness provide that payment of principal and interest is to be made only if, and to the extent that, payment of a distribution to members could then be made under this section, ***then*** indebtedness of a limited liability company, including indebtedness issued as a distribution, shall not be a liability for purposes of determinations made under subsection (1) of this section.

(6) If the indebtedness is issued as a distribution, ***then*** each payment of principal or interest on the indebtedness shall be treated as a distribution, the effect of which shall be measured on the date the payment is actually made.

(7) For purposes of this section, the term "distribution" shall not include amounts constituting reasonable compensation for present or past services or reasonable payments made in the ordinary course of business pursuant to a bona fide retirement plan or other benefit program.

Section 116. KRS 275.255 is amended to read as follows:

(1) Unless otherwise provided in ***a written***[~~writing in an~~] operating agreement:

(a) A limited liability company interest shall be assignable in whole or in part;

(b) An assignment shall entitle the assignee to receive, to the extent assigned, only the distributions to which the assignor would be entitled;

(c) An assignment of a limited liability company interest shall not dissolve the limited liability company or entitle the assignee to participate in the management and affairs of the limited liability company or to become or exercise any rights of a member other than the right to receive distributions pursuant to subsection (1)(b) of this section;

(d) Until the assignee of a limited liability company interest becomes a member pursuant to KRS 275.265(1), the assignor shall continue to be a member and to have the power to exercise any rights of a member, subject to the members' right to remove the assignor pursuant to KRS 275.280(1)(c)2.;

(e) Until an assignee of a limited liability company interest becomes a member, the assignee shall have no liability as a member solely as a result of the assignment; and

(f) The assignor of a limited liability company interest shall not be released from liability as a member solely as result of the assignment.

(2) ***A written***[~~An~~] operating agreement may provide that a member's limited liability company interest may be evidenced by a certificate of limited liability company interest issued by the limited liability company and may also provide for the assignment or transfer of any interest represented by the certificate.

(3) Unless otherwise provided in ***a written***[~~an~~] operating agreement, the pledge of or granting of a security interest, lien, or other encumbrance in or against any or all of the limited liability company interest of a member shall not constitute an assignment and shall not cause the member to cease to be a member or cease to have the power to exercise any rights or powers of a member.

(4) Limitations upon the assignment or pledge of a membership interest set forth or adopted in accordance with this section shall be enforced notwithstanding KRS 355.9-406 and 355.9-408.

Section 117. KRS 275.260 is amended to read as follows:

(2) On application to a court of competent jurisdiction by a judgment creditor of a member or a member's assignee, a court may charge the judgment debtor's interest in the limited liability company with payment of the unsatisfied amount of the judgment. To the extent so charged, the judgment creditor has only the rights of a assignee, and shall have no right to participate in the management or to cause the dissolution of the limited liability company. The court may appoint a receiver of the share of the distributions due or to become due to the judgment debtor in respect of the limited liability company interest and make all other orders, directions, accounts, and inquiries the judgment creditor might have made or which the circumstances of the case may require to give effect to the charging order.

(3) A charging order constitutes a lien on and the right to receive distributions made with respect to the judgment debtor's limited liability company interest. A charging order does not of itself constitute an assignment of the limited liability company interest.

(4) The court may order a foreclosure upon the limited liability company interest subject to the charging order at any time. The purchaser of the liability company interest at the foreclosure sale has the rights of a assignee. At any time before foreclosure, the charged limited liability company interest may be redeemed:

(a) By the judgment debtor;

(b) With property other than limited liability company property, by one (1) or more of the other members; and

(c) With limited liability company property, by the limited liability company with the consent of all members whose interest are not so charged.

(5) This section does not deprive a member or a member's transferee of the benefit of any exemption laws applicable to the member's or transferee's limited liability company interest[~~On application to a court of competent jurisdiction by any judgment creditor of a member, the court shall charge the member's limited liability company interest with payment of the unsatisfied amount of judgment with interest thereon. (2) (a) If the Secretary of State determines that one (1) or more grounds exist under subsection (1) of this section for dissolving a limited liability company, the Secretary of State shall serve the limited liability company with written notice of the determination ***by first class mail at its principal place of business address***.

(b) If the limited liability company does not correct each ground for dissolution or demonstrate to the reasonable satisfaction of the Secretary of State that each ground determined by the Secretary of State does not exist within sixty (60) days from the date on which notice was mailed, the Secretary of State shall administratively dissolve the limited liability company by signing a certificate of dissolution that states the ground or grounds for dissolution and its effective date. The Secretary of State shall file the original of the certificate and serve a copy on the limited liability company by mailing the notice by first class mail to the limited liability company at its ***principal place of business address. 5. Be accompanied by the reinstatement penalty and the current fee on filing each delinquent report as provided for in KRS 275.055(1).

(b) If the Secretary of State determines that the application contains the information required by paragraph (a) of this subsection and that the information is correct, the Secretary of State shall:

1. Cancel the certificate of dissolution and prepare a certificate of existence that states the determination and the effective date of existence; and
2. Serve a copy on the limited liability company ***in the manner provided in subsection (2)(a) of this section***.

(c) When the reinstatement is effective, the reinstatement shall relate back to and take effect as of the effective date of the administrative dissolution, and the limited liability company shall resume carrying on business as if the administrative dissolution had never occurred.

(4) (a) If the Secretary of State denies a limited liability company's application for reinstatement following administrative dissolution, the Secretary of State shall serve the limited liability company with a written notice that explains the reason or reasons for denial by mailing notice by first-class mail to the limited liability company at its registered office or, if none, to the last principal office identified on the most recent annual report***, or, if none, the articles of organization***.

The Committee Substitute to **HB 465** is as follows:

HB 465, AN ACT relating to the Court of Justice.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 21.580 is amended to read as follows:

(1) As a pilot project to determine the effectiveness of using senior retired judges to combat backlog and delay in Kentucky courts, there is hereby created a "Senior Status Program for Special Judges." The program shall be implemented as follows:

(a) KRS 21.400(1) and any other provision in KRS Chapter 21 to the contrary notwithstanding, a member who retires ***and who meets the criteria specified in subsection (2) of this section***~~[at a time when combining his total years of judicial service credit and his age equals or exceeds the number seventy-five (75),]~~ may elect, within ninety (90) days following retirement, to participate in the "Senior Status Program for Special Judges," if he complies with the provisions of this subsection. In that event, the member shall be entitled to a service retirement allowance, commencing at the member's normal retirement age, payable monthly during his lifetime in an amount equal to five percent (5%) of his final compensation multiplied by the number of years of his judicial service, not to exceed twenty (20) years of judicial service at the five percent (5%) factor, not to exceed one hundred percent (100%) of final compensation. "Final compensation", notwithstanding any provision to the contrary, for all members retiring under any provision of KRS 21.345 to 21.570 or this section, or similar statutes governing the same positions, as defined in KRS 21.400 shall be based on a period of thirty-six (36) months. Any nonjudicial time shall be counted as is otherwise provided in KRS Chapter 21, but in no event shall service retirement allowance exceed one hundred percent (100%) of final compensation.

1. In the event the retiring judge elects to retire as a "Senior Status Special Judge" under this subsection, he shall commit to serve, upon appointment by the Chief Justice of the Commonwealth, as special judge for one hundred twenty (120) work days per year for a term of five (5) years without compensation other than the retirement benefits under this subsection. The Senior Status Special Judge may agree to work more than one hundred twenty (120) days in any year within the five (5) years of service; however, the Senior Status Special Judge shall be compensated as otherwise provided by law, in addition to his retirement benefits, for any days served in excess of one hundred twenty (120) in that year. If the Senior Status Special Judge has not served a total of six hundred (600) days within the five (5) year period outlined in this subsection, the Chief Justice shall require the Senior Status Special Judge to serve at no additional compensation to the Senior Status Special Judge, until the six hundred (600) day period is served by the Senior Status Special Judge. The Senior Status Special Judge and the Chief Justice may agree in writing to serve less than the one hundred twenty (120) days in any one (1) or more of the five (5) years; however, any of the days not served in a given year shall be served at the end of the five (5) year period set forth in this subsection.

2. Should any member electing to retire under the Senior Status Program for Special Judges fail, when ordered by the Chief Justice to serve the requisite number of days not to exceed one hundred twenty (120) days a year for the five (5) year period outlined in this subsection, unless otherwise agreed in writing, he shall no longer be eligible for benefits computed under this subsection and shall return to the benefits otherwise provided under this chapter.

3. Subject to Section 110(5)(b) of the Kentucky Constitution, the Chief Justice shall give due regard, when practical, to the desirability of appointing Senior Status Special Judges to serve within their judicial region as defined by the regional administration charter.

(b) The inviolable contract provisions of Kentucky law, KRS 21.480, shall apply during the period of time that KRS 21.580 is effective; however, no other provisions of 2000 Ky. Acts ch. 305 shall be considered subject to an inviolable contract of the Commonwealth.

(c) Nothing contained in this section shall be construed to invalidate provisions in the current law which require a penalty for retiring before the normal retirement age.

(2) *Members seeking entry into the Senior Status Program for Special Judges after the effective date of this Act shall meet each of the following criteria, if applicable:*

(a) The member's total years of judicial service credit and the member's age when combined shall equal or exceed seventy-five (75) years;

(b) A member seeking entry into the program who is under the age of sixty (60) shall have twenty (20) years or more of actual judicial service;

(c) A member seeking entry into the program who is age sixty (60) or over shall have ten (10) years or more of actual judicial service;

(d) If the member is a retiring District Judge, the member shall not have been defeated at the most recent election for a District Court judgeship;

(e) If the member is a retiring Circuit Judge, the member shall not have been defeated at the most recent election for a Circuit Court judgeship;

(f) If the member is a retiring Judge of the Court of Appeals, the member shall not have been defeated at the most recent election for a Court of Appeals seat;

(g) If the member is a retiring Justice of the Supreme Court, the member shall not have been defeated at the most recent election for a Supreme Court seat; and

(h) The member shall have been certified by the Judicial Conduct Commission as meeting the qualifications for the program and as being otherwise fit for continued judicial service.

(3) A member denied certification under subsection (2)(h) of this section may appeal the denial to the Supreme Court, which shall conduct a de novo review of the member's qualifications for the program and fitness for continued judicial service.

(4) No later than thirty (30) days following the end of each fiscal year, the Judicial Retirement System shall provide a written report to the Legislative Research Commission and the Chief Justice of the Kentucky Supreme Court containing:

(a) The number of members who have retired as Senior Status Special Judges since the effective date of this Act;

(b) The amount of compensation and other benefits paid to those Senior Status Special Judges;

(c) The number of days each Senior Status Special Judge has served as a special judge;

(d) The fiscal impact on the Judicial Retirement System and the general fund as a result of the retirement of the Senior Status Special Judges; and

(e) Any other relevant information that may be requested.

(5) The Senior Status Program for Special Judges created by this section shall be open to any member who is a judge in office on the *effective date of this Act*[~~June 24, 2003~~], and who subsequently retires as a Senior Status Special Judge on or before *July 1, 2012*[~~January 31, 2009~~].

HJR 5, A JOINT RESOLUTION naming the judicial center in Henderson County the "Gross Clay Lindsay Henderson County Judicial Center."

WHEREAS, Representative Gross Lindsay began serving in the General Assembly in 1970, after being elected to represent the 11th House District. Quickly earning a reputation for having a keen understanding of Kentucky's statutes and legal system, he became a moving force behind the creation of our current criminal code and judicial system. In 1972, he was appointed to the Kentucky Penal Code Study Commission, and during the 1972 Regular Session of the General Assembly Representative Lindsay was the primary sponsor of legislation that updated Kentucky's penal code. He was also instrumental in the passage of a proposed constitutional amendment that, once ratified by the voters, authorized the modernization of our court system. He served on the Interim Special Committee on the Implementation of the Judicial Article, and helped establish the modern four-tier court system, which has been a model for the nation; and

WHEREAS, Representative Lindsay received several gubernatorial appointments, including appointments to the Governor's Special Committee on Off-Track Betting in 1974; the Special Advisory Commission on County Government in 1976; the County Statutes Revision Commission in 1977; and the Local Government Statute Revision Commission in 1978. Although he gave up his seat in the House of Representatives in 1980, Representative Lindsay remained involved with the legislative branch, accepting a position as general counsel for the Majority Floor Leader in 1980, and serving as counsel for the Legislative Research Commission in the landmark case *LRC v. Brown*, which led to a ruling of the Kentucky Supreme Court that more clearly defined the separation of powers between the executive and legislative branches of government. He was also an active member of the special Commission on Constitutional Review, a panel that, in 1987, called for an overhaul of the Kentucky Constitution, which was nearly a century old at that time; and

WHEREAS, in 1993, Gross Lindsay returned to the House of Representatives, where he has served on a number of committees. But, throughout his legislative career, Representative Lindsay has probably left his biggest mark as chair of the House Judiciary Committee. Known for his firm leadership style, he not only has shepherded through legislation that has improved our criminal laws and justice system, but has also had the courage to use his chairmanship to protect citizens of the Commonwealth from legislation that he believes might cause inadvertent harm. He is revered as the "unofficial parliamentarian" of the House of Representatives, as leaders and members often turn to him for advice on procedural questions, and he will always be remembered for his perfection of the "long" clincher motion; and

WHEREAS, Representative Lindsay served for many years as Chairman of the Court Facilities Standards Committee of the Court of Justice, which is a ten-member body composed of representatives from the executive, judicial, and legislative branches of government, along with a county official, that reviews design plans, cost estimates, and financing proposals for new court facilities, renovation, and maintenance of the facilities of the Kentucky Court of Justice; and

WHEREAS, Representative Lindsay served as a member of the Commission on Judicial Education, which consists of judges, law professors, and legislators and gives guidance for the annual judicial education conference and other required continuing judicial education programs; and

WHEREAS, Representative Lindsay was instrumental in obtaining approval for the construction of and funding for the Henderson Judicial Center; and

WHEREAS, Representative Lindsay was also a leader in obtaining funding and the passage of legislation for other local projects, including the Henderson Community College;

NOW, THEREFORE,

Be it resolved by the General Assembly of the Commonwealth of Kentucky:

Section 1. The Henderson County Judicial center is hereby named the "Gross Clay Lindsay Henderson County Judicial Center."

(1) In order to establish a minimum system of professional conduct of the police officers of [~~local~~] units of government of this Commonwealth, the following standards of conduct are stated as the intention of the General Assembly to deal fairly and set administrative due process rights for police officers of the [~~local~~] unit of government and at the same time providing a means for redress by the citizens of the Commonwealth for wrongs allegedly done to them by police officers covered by this section:

(a) Any complaint taken from any individual alleging misconduct on the part of any police officer, as defined herein, shall be taken as follows:

1. If the complaint alleges criminal activity on behalf of a police officer, the allegations may be investigated without a signed, sworn complaint of the individual;

2. If the complaint alleges abuse of official authority or a violation of rules and regulations of the department, an affidavit, signed and sworn to by the complainant, shall be obtained;

3. If a complaint is required to be obtained and the individual, upon request, refuses to make allegations under oath in the form of an affidavit, signed and sworn to, the department may investigate the allegations, but shall bring charges against the police officer only if the department can independently substantiate the allegations absent the sworn statement of the complainant;

4. Nothing in this section shall preclude a department from investigating and charging an officer both criminally and administratively.

(b) No threats, promises, or coercions shall be used at any time against any police officer while he or she is a suspect in a criminal or departmental matter. Suspension from duty with or without pay, or reassignment to other than an officer's regular duties during the period shall not be deemed coercion. Prior to or within twenty-four (24) hours after suspending the officer pending investigation or disposition of a complaint, the officer shall be advised in writing of the reasons for the suspension;

(c) No police officer shall be subjected to interrogation in a departmental matter involving alleged misconduct on his or her part, until forty-eight (48) hours have expired from the time the request for interrogation is made to the accused officer, in writing. The interrogation shall be conducted while the officer is on duty. The police officer may be required to submit a written report of the alleged incident if the request is made by the department no later than the end of the subject officer's next tour of duty after the tour of duty during which the department initially was made aware of the charges;

(d) If a police officer is under arrest, or likely to be arrested, or a suspect in any criminal investigation, he shall be afforded the same constitutional due process rights that are accorded to any civilian, including, but not limited to, the right to remain silent and the right to counsel, and shall be notified of those rights before any questioning commences. Nothing in this section shall prevent the suspension with or without pay or reassignment of the police officer pending disposition of the charges;

(e) Any charge involving violation of any ~~[local]~~ unit of government rule or regulation shall be made in writing with sufficient specificity so as to fully inform the police officer of the nature and circumstances of the alleged violation in order that he may be able to properly defend himself. The charge shall be served on the police officer in writing;

(f) When a police officer has been charged with a violation of departmental rules or regulations, no public statements shall be made concerning the alleged violation by any person or persons of the ~~[local]~~ unit of government or the police officer so charged, until final disposition of the charges;

(g) No police officer as a condition of continued employment by the ~~[local]~~ unit of government shall be compelled to speak or testify or be questioned by any person or body of a nongovernmental nature; and

(h) When a hearing is to be conducted by any appointing authority, legislative body, or other body as designated by the Kentucky Revised Statutes, the following administrative due process rights shall be recognized and these shall be the minimum rights afforded any police officer charged:

1. The accused police officer shall have been given at least seventy-two (72) hours notice of any hearing;
2. Copies of any sworn statements or affidavits to be considered by the hearing authority and any exculpatory statements or affidavits shall be furnished to the police officer no less than seventy-two (72) hours prior to the time of any hearing;
3. If any hearing is based upon a complaint of an individual, the individual shall be notified to appear at the time and place of the hearing by certified mail, return receipt requested;
4. If the return receipt has been returned unsigned, or the individual does not appear, except where due to circumstances beyond his control he cannot appear, at the time and place of the hearing, any charge made by that individual shall not be considered by the hearing authority and shall be dismissed with prejudice;
5. The accused police officer shall have the right and opportunity to obtain and have counsel present, and to be represented by the counsel;
6. The appointing authority, legislative body, or other body as designated by the Kentucky Revised Statutes shall subpoena and require the attendance of witnesses and the production by them of books, papers, records, and other documentary evidence at the request of the accused police officer or the charging party. If any person fails or refuses to appear under the subpoena, or to testify, or to attend, or produce the books, papers, records, or other documentary evidence lawfully required, the appointing authority, legislative body, or other body as designated by the Kentucky Revised Statutes may report to the Circuit Court or any judge thereof the failure or refusal, and apply for a rule. The Circuit Court, or any judge thereof, may on the application compel obedience by proceedings for contempt as in the case of disobedience of the requirements of a subpoena issued from the court;
7. The accused police officer shall be allowed to have presented, witnesses and any documentary evidence the police officer wishes to provide to the hearing authority, and may cross-examine all witnesses called by the charging party;
8. Any police officer suspended with or without pay who is not given a hearing as provided by this section within sixty (60) days of any charge being filed, the charge then shall be dismissed with prejudice and not be considered by any hearing authority and the officer shall be reinstated with full back pay and benefits; and
9. The failure to provide any of the rights or to follow the provisions of this section may be raised by the officer with the hearing authority. The hearing authority shall not exclude proffered evidence based on failure to follow the requirements of this section but shall consider whether, because of the failure, the proffered evidence lacks weight or credibility and whether the officer has been materially prejudiced.

(2) Any police officer who shall be found guilty by any hearing authority of any charge, may bring an action in the Circuit Court in the county in which the ~~[local]~~ unit of government may be located to contest the action of that hearing authority, and the action shall be tried as an original action by the court.

(3) The judgment of the Circuit Court shall be subject to appeal to the Court of Appeals. The procedure as to appeal to the Court of Appeals shall be the same as in any civil action. As the provisions of this section relate to a minimum system of professional conduct, nothing herein shall be construed as limiting or in any way affecting any rights previously afforded to police officers of the Commonwealth by statute, ordinance, or working agreement.

(4) The provisions of this section shall apply only to police officers of ~~[local]~~ units of government who receive funds pursuant

to KRS 15.410 through 15.992.".

The Committee on Appropriations and Revenue reported **HB 316, HB 359,** and **HB 402** with the expression of opinion that the same should pass. Read at length for the first time and ordered placed in the Calendar.

HB 316, AN ACT relating to certain tax refund suits and declaring an emergency.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 134.580 is amended to read as follows:

(1) As used in this section, unless the context requires otherwise:

(a) "Agency" means the agency of state government which administers the tax to be refunded or credited.

(b) "Overpayment" or "payment where no tax was due" means the tax liability under the terms of the applicable statute without reference to the constitutionality of the statute.

(2) When money has been paid into the State Treasury in payment of any state taxes, except ad valorem taxes, whether payment was made voluntarily or involuntarily, the appropriate agency shall authorize refunds to the person who paid the tax, or to his heirs, personal representatives or assigns, of any overpayment of tax and any payment where no tax was due. When a bona fide controversy exists between the agency and the taxpayer as to the liability of the taxpayer for the payment of tax claimed to be due by the agency, the taxpayer may pay the amount claimed by the agency to be due, and if an appeal is taken by the taxpayer from the ruling of the agency within the time provided by KRS 131.340 and it is finally adjudged that the taxpayer was not liable for the payment of the tax or any part thereof, the agency shall authorize the refund or credit as the Kentucky Board of Tax Appeals or courts may direct.

(3) No refund shall be made unless each taxpayer individually files an application or claim for the refund within four (4) years from the date payment was made. Each claim or application for a refund shall be in writing and state the specific grounds upon which it is based. Denials of refund claims or applications may be protested and appealed in accordance with KRS 131.110 and 131.340.

(4) Refunds shall be authorized with interest as provided in KRS 131.183. The refunds authorized by this section shall be made in the same manner as other claims on the State Treasury are paid. They shall not be charged against any appropriation, but shall be deducted from tax receipts for the current fiscal year.

(5) Nothing in this section shall be construed to authorize the agency to make or cause to be made any refund except within four (4) years of the date prescribed by law for the filing of a return including any extension of time for filing the return, or the date the money was paid into the State Treasury, whichever is the later, except in any case where the assessment period has been extended by written agreement between the taxpayer and the department, the limitation contained in this subsection shall be extended accordingly. Nothing in this section shall be construed as requiring the agency to authorize any refund to a taxpayer without demand from the taxpayer, if in the opinion of the agency the cost to the state of authorizing the refund would be greater than the amount that should be refunded or credited.

(6) This section shall not apply to any case in which the statute may be held unconstitutional, either in whole or in part.

(7) In cases in which a statute has been held unconstitutional, taxes paid thereunder may be refunded to the extent provided by KRS 134.590, and by the statute held unconstitutional.

(8) No person shall secure a refund of motor fuels tax under KRS 134.580 unless the person holds an unrevoked refund permit issued by the department before the purchase of gasoline or special fuels and that permit entitles the person to apply for a refund under KRS 138.344 to 138.355.

(9) Notwithstanding any provision of the KRS to the contrary:

(a) The Commonwealth hereby revokes and withdraws its consent to suit in any forum whatsoever on any claim for recovery, refund, or credit of any tax overpayment for any taxable year ending before December 31, 1995, made by an amended return or any other method after December 22, 1994, and based on a change from any initially filed separate return or returns to a combined return under the unitary business concept or to a consolidated return. No such claim shall be effective or recognized for any purpose.

(b) Any stated or implied consent for the Commonwealth of Kentucky, or any agent or officer of the Commonwealth of Kentucky, to be sued by any person for any legal, equitable, or other relief with respect to any claim for recovery, refund, or credit of any tax overpayment for any taxable year ending before December 31, 1995, made by an amended return or any other method after December 22, 1994, and based on a change from any initially filed separate return or returns to a combined return under the unitary business concept or to a consolidated return, is hereby withdrawn.

(c) The provisions of this subsection shall apply retroactively for all taxable years ending before December 31, 1995, and shall apply to all claims for such taxable years pending in any judicial or administrative forum.

(10) Notwithstanding any provision of the KRS to the contrary:

(a) No money shall be drawn from the State Treasury for the payment of any claim for recovery, refund, or credit of any tax overpayment for any taxable year ending before December 31, 1995, made by an amended return or any other method after December 22, 1994, and based on a change from any initially filed separate return or returns to a combined return under the unitary business concept or to a consolidated return.

(b) No provision of the Kentucky Revised Statutes shall constitute an appropriation or mandated appropriation for the payment of any claim for recovery, refund, or credit of any tax overpayment for any taxable year ending before December 31, 1995, made by an amended return or any other method after December 22, 1994, and based on a change from any initially filed separate return or returns to a combined return under the unitary business concept or to a consolidated return.

Section 2. Whereas recent judicial decisions and refund suits based on combined returns or consolidated returns described in subsections (9) and (10) of Section 1 of this Act could result in catastrophic losses of public revenues desperately needed to fund education, social services, and public improvements projects and initiatives for the benefit of the Commonwealth and all its citizens; and, whereas the immunity of the Commonwealth as the sovereign from suit without the consent of the General Assembly is absolute and unqualified; and, whereas no money shall be drawn from the State Treasury, except in pursuance of appropriations made by law, an emergency is declared to exist, and this Act takes effect upon its passage and approval by the

Governor or its otherwise becoming a law.

(4) If the licensee selects existing employees to be trained as emergency medical technicians or mine emergency technicians, the employees selected shall be paid their regular wages during training.

(5) Certified emergency medical technicians and mine emergency technicians shall receive annual retraining in the manner established in an administrative regulation promulgated by the department, during which they shall receive their regular wages.

Section 9. KRS 351.140 is amended to read as follows:

Each mine inspector shall give his entire time and attention to the duties of his office, which shall consist of the following:

(1) Inspecting mines and aiding, under the direction of the commissioner, in carrying out and enforcing the provisions of the law relating to the inspection of mines;

(2) Training officials and workmen in and about the mines in first aid and mine rescue methods;

(3) Advising officials and workmen in methods pertaining to safety in all its phases and in methods pertaining to the prevention of mine fires and explosions;

(4) Taking charge of mine rescue and recovery work whenever a mine fire, mine explosion or other serious accident occurs within his district, and the commissioner is not present, and assisting in such work in other districts when so directed by the commissioner;

(5) Reopening mines or portions of mines that have been sealed on account of fire or any other cause, when directed by the commissioner to do so;

(6) Inspecting each underground coal mine in his district at least ***six (6)***[~~three (3)~~] times a year and all other mines once every six (6) months. ***At least two (2) annual inspections shall include inspection of electrical workings.*** The commissioner may cause inspections more often if practicable and if funds permit, and whenever any danger to the workmen may exist; making a personal examination of the interior of each mine with respect to ventilation, drainage, roof control, blasting, electricity, escapeways, and general security, and also a personal examination of the outside facilities of the mine; and in gassy mines below the water table, inspections shall be more frequent, and as often as practical whenever any danger to workmen is indicated by a previous inspection. Such inspections shall involve at least two (2) inspectors. The inspectors shall locate themselves in different sections of the mine in order to determine the effectiveness and reliability of the ventilation system. Each section of the mine shall be so inspected;

(7) It shall be permissible for a mine inspector to inspect any coal preparation plant or surface facility of any mining operation of coal including any overland coal belts; and

(8) A mine inspector shall have the express authority to enter upon the premises of and inspect any coal mine, including any overland coal belts, at any reasonable time.

Section 10. KRS 351.175 is amended to read as follows:

(1) The operation of a coal mine in Kentucky is a privilege granted by the Commonwealth of Kentucky to a licensee who satisfies the requirements of this section and demonstrates that the mine is or will be operated in a safe manner and in

accordance with the laws of this Commonwealth.

(2) Within forty-five (45) days after January 1, 1953, and of each year thereafter, the owner, operator, lessee, or licensee of each mine shall procure from the department a license to operate the mine, and the license shall not be transferable. Any owner, operator, lessee, or licensee who assumes control of a mine, opens a new mine, or reopens an abandoned mine during any calendar year shall procure a license before mining operations are begun.

(3) The license shall be in printed form as the commissioner may prescribe and when issued shall be kept posted at a conspicuous place near the main entrance of the mine.

(4) Requests for a license shall be made to the department and shall be accompanied by a United States postal money order or cashier's check drawn in favor of the State Treasurer in an amount established by administrative regulations of a minimum of one hundred dollars ($100) and a maximum of fifteen hundred dollars ($1,500). The license shall be issued when the following are properly submitted to the commissioner:

(a) The annual report of the licensee and the annual mine map required in KRS 351.170 and 352.450;

(b) A certification from the executive director of the Office of Workers' Claims that the licensee has provided positive proof of compliance with the provisions of KRS Chapter 342;

(c) A certification from the commissioner of the Department of Revenue that the licensee is not a "delinquent taxpayer" as defined in KRS Chapter 131;

(d) ***Mine seal construction plan;***

(e) Roof control plan;

(f) The ventilation plan required in KRS 352.020; and

(g)[~~(e)~~]An approved emergency action plan required by KRS 352.640.

(5) The department shall immediately revoke any license if the department receives:

(a) Withdrawal of the certification of compliance with KRS Chapter 342 issued by the executive director of the Office of Workers' Claims; or

(b) Notice from the commissioner of the Department of Revenue that the licensee is a "delinquent taxpayer" as defined in KRS Chapter 131.

(6) The commissioner, the executive director of the Office of Mine Safety and Licensing, or the mine inspector shall have the authority to stop production or close any mine whose operator fails to procure a license or fails to furnish a certification of workers' compensation coverage as required under this section.

(7) The department shall be authorized to seek injunctive relief for any violation of this section. Revocation of a license by the department shall be an administrative function of the department. Appeals from revocation by the department shall be brought in Franklin Circuit Court.

(8) A license which has been revoked under the "delinquent taxpayer" provision shall not be reissued until a written tax clearance has been received from the commissioner of revenue.

(9) No mine underlying a cemetery shall be licensed by the commissioner unless two-thirds (2/3) of the governing body of that cemetery vote in approval of the operation. The application for a license shall contain an affidavit setting forth the approval of the cemetery's governing body. This subsection applies only to those cemeteries with governing bodies.

Section 11. KRS 351.191 is amended to read as follows:

Each underground coal mine operator shall submit documentation to the commissioner that a trained mine rescue team is ***available within thirty (30) minutes' driving time from each of the operator's mines. Small underground coal mine operators may contract for mine rescue team services and shall submit documentation to the commissioner that the contracted mine rescue team has toured the underground mine and received training on the specific conditions of the mine for which it will provide mine rescue services***[~~within sixty (60) minutes' driving time of each of his mines~~]. In the event that a trained mine rescue team is not available as required, the department shall provide a trained mine rescue team which would be available to the mine within ***thirty (30)***[~~sixty (60)~~] minutes' driving time and shall so notify in writing the appropriate official of the United States Mine Safety and Health Administration.

Section 12. KRS 351.193 is amended to read as follows:

No miner shall be required to operate any equipment or work in any condition which he reasonably believes to be unsafe. If the miner invokes his or her safety rights under this section, the miner shall have the right to be relieved from the assignment in dispute. The employee may be assigned to correct the condition or may be assigned to other duties until such time as the condition is resolved or corrected. No other miner shall be assigned to perform this job until the condition is corrected. The miner or his authorized representative and the company shall review the condition immediately and attempt to resolve the dispute. Should the miner not have an authorized representative, he may represent himself in the dispute. If the dispute is not settled by the company and the miner or his or her authorized representative, ***the miner may immediately inform***[~~either party reserves the right to call in~~] the commissioner or his authorized representative***.*** [~~immediately and~~]The dispute shall be settled on the basis of the inspector's finding with a written copy of his finding given to the company and the miner and his authorized representative. In the event no representative of the miner exists, the employee shall have the right to have the dispute resolved based on the inspector's findings.

No disciplinary action shall be taken against a miner by a licensee unless the miner is found by the commissioner or his authorized representative to have acted in bad faith and without good cause in making an allegation as to unsafe equipment or working conditions.

Section 13. KRS 351.194 is amended to read as follows:

(1) The Mine Safety Review Commission shall promulgate administrative regulations in accordance with KRS Chapter 13A to establish administrative hearings procedures to be followed in determining if violations of ***state or federal*** mine safety laws, including, but not limited to, violations that meet the criteria established in KRS 351.025(1) or (2), have occurred and to establish a process to review recommended orders from any hearing officers acting on behalf of the commission. The procedures shall follow the requirements of KRS Chapter 13B ***and this chapter***.

(2) The chair or a majority of the Mine Safety Review Commission may convene a meeting of the commission at which it shall consider whether to schedule a hearing regarding any licensee, coal operation, or other person involved in the mining of coal.

(3) If the commission determines that there is probable cause to believe that the licensee, coal operation, or other person against whom the department has made allegations of unsafe work practices or other violation of applicable law is guilty of an alleged violation, the commission shall schedule a hearing at which the department shall offer evidence in support of the allegations made by it. The licensee, coal operation, or other person against whom the allegations are made shall be given not less than twenty (20) days' written notice of the charges against him, together with the date, time, and place at which the charges shall be heard, and of his opportunity to be represented by counsel, produce evidence and witnesses on his behalf, and examine the evidence and documents that may be produced against him. The commission may also be represented by counsel and shall not be bound by the technical rules of evidence, but its order shall be based upon competent evidence. Any licensee or other person summoned to appear at a hearing in the manner established in this subsection may, in writing, waive the notice required to be given to him.

(4) The commission may proceed with its hearing of charges made by the department against any licensee, coal operation, or other person who, after being duly notified in accordance with the requirements of this section, fails to appear at or participate in the hearing and who fails to assert any legitimate basis for the failure.

(5) Within ninety (90) days after hearing, the commission shall issue an order in which it sets out its determinations concerning each matter coming before it. Copies of the order shall be provided to all parties to the hearing. The department shall carry out or enforce, as appropriate, the order of the commission, which may include, though not be limited to, the imposition of civil penalties, revocation, suspension, or probation of the mine license or the miner's certification.

(6) The commission may modify a civil penalty or fine established under this chapter, under criteria established by the commission by administrative regulations.

(7) In assessing monetary penalties within the limits provided in KRS 351.025, the commission shall consider the operator's history of previous violations, the appropriateness of the penalty to the size of the operator charged, whether the operator was negligent, the effect on the operator's ability to continue in business, the gravity of the violation, the demonstrated good faith of the person charged in attempting to achieve rapid compliance after notification of a violation, and whether a penalty has been imposed by the Federal Mine Safety and Health Act for a violation that arose out of the same set of facts or circumstances.

(8) An appeal of an order of the commission shall be filed in the Franklin Circuit Court within thirty (30) days of entry of the order.

Section 14. KRS 351.990 is amended to read as follows:

(1) Any person who violates ***Section 12 of this Act or*** any of the provisions of KRS 351.315 to 351.375 or any administrative regulation, determination, or order promulgated in accordance with ***Section 12 of this Act or*** KRS 351.315 to 351.375 shall be subject to a civil fine not less than two hundred fifty dollars ($250) nor more than five thousand dollars ($5,000) for each violation.

(2) Any person who willfully violates any of the provisions of KRS 351.315 to 351.375 or any administrative regulation, determination, or order promulgated in accordance with KRS 351.315 to 351.375 which has become final shall be guilty of a Class A misdemeanor.

(3) Any person who violates any of the provisions of KRS 351.330(16) shall be guilty of a Class B misdemeanor.

(4) Any person who violates any of the provisions of KRS 351.345(2) shall be guilty of a Class D felony.

(5) Any operator who fails to obtain his license as required by KRS 351.175 shall be guilty of a Class A misdemeanor as defined in KRS 532.090. Each day the mine is operated without a license constitutes a separate offense. Venue for the offenses shall lie in the county in which the offense occurred.

(6) Any operator operating a mine with knowledge that the mine has been placed under a valid closure order pursuant to KRS 351.175 shall be guilty of a Class D felony. Jurisdiction shall lie in the Circuit Court of the county in which the offense occurred.

(7) Any blasting operation that results in the death or serious physical injury of a person may be subject to a civil fine not more than twenty thousand dollars ($20,000). For the purposes of this subsection, "serious physical injury" means an

injury which has a reasonable potential to cause death.

Section 15. KRS 352.020 is amended to read as follows:

(1) A mine ventilation plan and any revision of an existing mine ventilation plan shall be suitable to the ventilation conditions and mining system of each mine. The mine ventilation plan and any revisions to the mine ventilation plan approved by the United States Mine Safety and Health Administration shall be submitted to the executive director or his or her authorized representative and incorporated into the license. All mine ventilation plans shall be set forth in printed form. The mine ventilation plan shall require the air quality throughout the mine to contain at least nineteen and one-half percent (19.5%) oxygen and not more than one-half of one percent (0.5%) of carbon dioxide, and the volume and velocity of the air current shall be sufficient to dilute, render harmless, and carry away flammable, explosive, noxious, and harmful gases and dust, smoke, and fumes. A copy of the mine ventilation plan and any revisions to that plan shall be available to the miners and their representatives.

(2) The ventilation of all underground coal mines shall be produced by means of mechanically operated fans located outside the mine in fireproof housing and offset at least fifteen (15) feet to one (1) side or above the opening, protected by explosion doors or weak walls and arranged so that ventilating current may be reversed if necessary. The fan shall be installed so as to prevent recirculation of mine air. The main fan shall be operated from a power circuit independent from the mine circuit. If inside auxiliary fans are required to ventilate working places the commissioner must first approve the installation.

(3) The licensee, superintendent, or foreman of every coal mine worked by shaft, slope, or drift shall provide and maintain for every mine two (2) separate and distinct escapeways, one (1) of which is vented by the intake air. However, if a mine was originally licensed prior to January 1, 1990, the commissioner may approve an alternate ventilation plan. Each active working section shall be ventilated by a separate split of intake air. In all mines the quantity of air passing through the last open crosscut between the intake and return in any pair or sets of entries shall be not less than nine thousand (9,000) cubic feet of air per minute and as much more as is necessary to dilute and render harmless and carry away flammable and harmful gases. All working faces from which coal is being cut, mined, or loaded in a working section between the intake and return airway entries shall be ventilated with a minimum quantity of three thousand (3,000) cubic feet of air per minute and as much more as is necessary to dilute and render harmless and carry away flammable and harmful gases. The quantity of air reaching the last crosscut in pillar sections may be less than nine thousand (9,000) cubic feet of air per minute if at least nine thousand (9,000) cubic feet of air per minute is being delivered to the intake of the pillar line. The air current shall under any conditions have a sufficient volume and velocity to reduce and carry away smoke from blasting and any flammable or harmful gases.

(4) All mines shall maintain at least nine thousand (9,000) cubic feet of air per minute at the points mentioned in subsection (3) of this section. The commissioner shall have the authority to require additional air in any mine when he deems it necessary for the safety of the employees.

(5) When the air from a split has passed through and has ventilated all the working places in an air split of a mine it shall then be designated as return air. Return-air courses shall not be designated as primary escapeways.

(6) As working places advance, breakthroughs for air shall be made not more than ninety (90) feet apart, except that where longwall or modern systems of mining are used the commissioner or his authorized representative may approve a greater distance between breakthroughs or the method of ventilating such longwall or modern systems of mining. If any breakthroughs between intake and return airways are not required for the passage of air or the travel of equipment, they shall be closed with stoppings. All permanent stoppings shall be substantially built with suitable incombustible or fire resistant material subject to the approval of the mine inspector so as to keep the working places well ventilated. All brattice cloth and ventilation tubing shall be flame resistant. Doors on the main haulways shall be avoided where practicable, and overcasts, built of concrete or other suitable material and of ample strength, shall be adopted. Where doors are used they shall be built in a substantial manner, and shall be hung so as to close automatically when unobstructed.

(7) In a mine where methane can be found to an extent of one percent (1%) or more on the return of any one (1) split, the inspector, with the approval of the commissioner may require the mine to be ventilated by the exhaust system, requiring the haulage roads and all feed wires to be located on the intake air and the electrical system to be so arranged that no wires carrying electrical current shall be on return air. A period of not more than ninety (90) days from date of notification shall be allowed to make the changes required.

(8) The ventilation plan shall require all fans utilized in the ventilation plan to be in operation for ***at least twenty-four (24) hours prior to the entry of miners into underground areas***~~[a sufficient period]~~ to ensure air quality and equalization of the mine atmosphere ***if the fans have not operated for more than eight (8) hours***~~[prior to the entry of workers into underground areas]~~.

Section 16. KRS 352.030 is amended to read as follows:

(1) As many as sixty (60) persons may work in the same air current or split, and with the approval of the mine inspector and the commissioner, as many as eighty (80) persons may work in the same air current. Each active section in a mine shall be ventilated by a separate split of intake air ***and shall not come from the beltline entry***. Every mine, and all portions thereof, shall be ventilated by one (1) or more currents of air, which shall contain not less than nineteen and one-half percent (19.5%) of oxygen, nor any dangerous quantities of flammable gas, nor any harmful amount of poisonous gases or dust,

when the current of air enters into each split. The ventilation shall be sufficient to prevent methane accumulations, so far as practicable, and to keep the methane percentage in the return of any split to not more than two percent (2%).

(2) The ventilating current shall be circulated through the haulageways, travelways, and airways to reach all portions of the mine, except sealed sections; and it shall be circulated through the entries and rooms around the ends of line brattice and along pillar lines. It shall be conducted to the last breakthrough, or to the working faces if required, by means of stoppings, check doors, curtains, and brattice that may be necessary or required, in order to dilute, render harmless, and carry away the noxious and dangerous gases, smoke, and dust liberated therein, and to supply a sufficient quantity of ventilation for all emergencies. The ventilating current in the area of a mine's belt entries shall be directed to an air return before the ventilating current reaches the face area[~~, unless the department, under certain conditions issues a permit for belt air to be used at the coal face. The department shall render a final written decision within sixty (60) calendar days of receipt of the permit application~~].

(3) When mine ventilation, formerly satisfactory and adequate, becomes deficient in quality or quantity, the department shall have authority to order improvement of the ventilation.

(4) No licensee, superintendent, or mine foreman shall permit any person to work at a place where sufficient ventilation cannot be maintained, except persons employed to make the places of employment safe in compliance with the requirements of this chapter, and while repair work necessary to comply with the requirements is in progress no person shall be permitted to enter that part of the mine affected except those actually employed in doing the repair work. The repair work shall be done under the constant supervision of a certified official designated by the mine foreman.

(5) Each licensee shall adopt a plan which shall provide that when any mine fan stops, immediate action shall be taken by the licensee or his agent:

(a) To withdraw all persons from the working sections;

(b) To cut off the power in the mine in a timely manner;

(c) To provide for restoration of power and resumption of work if ventilation is restored within a reasonable period, of not more than fifteen (15) minutes, as set forth in the plan after the working places and other active workings where methane is likely to accumulate are reexamined by a certified person to determine if methane in amounts of one percent (1%) or more exists therein; and

(d) To provide for withdrawal of all persons from the mine if ventilation cannot be restored within a reasonable time, of not more than fifteen (15) minutes.

The plan and revisions thereof approved by the commissioner or his authorized representative shall be set out in printed form and a copy shall be furnished to the commissioner or his authorized representative.

Section 17. KRS 352.090 is amended to read as follows:

(1) All unused workings and abandoned parts of mines shall be protected by safeguards that will prevent the accumulation or overflow of gas, and all avenues leading thereto shall be so arranged and conducted as to give warning to all persons of the danger of entering, and notice shall be posted warning all unauthorized persons not to enter these parts of the mine. If the area cannot be adequately ventilated, and examined, or evaluated it shall be sealed in a timely manner.

(2) No person, except persons authorized to make examination thereof, shall enter any unused or abandoned part of a mine after the warning has been posted.

(3) Where the practice is to seal abandoned workings, the sealing shall be done ***in accordance with a mine seal construction plan submitted to the Office of Mine Safety and Licensing. The construction of mine seals according to the mine seal construction plan shall be certified by the mine superintendent after inspection and approval by a licensed engineer. Seal construction shall be done*** immediately in an effective manner with noncombustible material. In every sealed area, one (1) or more of the seals shall be fitted with a pipe and cap or valve to permit the gases behind the seals to be sampled and also to provide a means of determining any existing hydrostatic pressure. When required by the mine inspector and commissioner, drill holes shall be extended from the surface to the sealed area, or vent pipes shall be extended from the sealed area to a return air course. Sufficient ventilation shall be provided at each seal to prevent dangerous gases from accumulating.

Section 18. KRS 352.133 is amended to read as follows:

(1) All underground miners shall be provided with an approved self-contained self-rescuer device and shall have that device within twenty-five (25) feet of them at all times. The self-contained self-rescuer shall be provided to the miners by the licensee at no cost to the miners.

(2) In addition to the requirements for self-contained self-rescuers set forth in this section, all licensed premises shall maintain caches of self-contained self-rescuer devices which shall be stored in ***both***[~~locations readily accessible to~~] the primary and secondary escapeways ***at intervals of one thousand two hundred fifty (1,250) feet for coal seams forty-eight (48) inches or less and at two thousand five hundred (2,500) feet for seams greater than forty-eight (48) inches. If, due to unavailability of the self-contained self-rescuers, the licensee cannot furnish self-contained self-rescuers in accordance with this section, the licensee shall***[~~or~~] provide proof of an order for self-contained self-rescuers through the submission of a valid purchase order that clearly names the vendor, contact information for the vendor, the number of devices purchased, and the date of the order, which shall not be later than thirty (30) days after July 12, 2006. In all cases, the self-

contained self-rescuers shall be in place by July 1, 2007, or shall be extended by the commissioner upon substantiated proof of unavailability.

(a) The caches shall be maintained in sufficient numbers and locations determined in accordance with the most recent rules, standards, and regulations issued by the United States Mine Safety and Health Administration ***and this section***.

(b) The caches shall be maintained in storage units capable of protecting the self-contained self-rescuers from water, dust, and any other condition which will cause deterioration of the self-contained self-rescuers.

(c) The storage unit locations shall have reflective signs that read "SELF-RESCUERS" conspicuously posted as to be visible from the primary and secondary escapeways. Intrinsically safe strobe light devices also shall be attached to the storage unit. The strobe light devices may operate continuously or shall be capable of activation in the event of a mine emergency.

(d) In addition to the requirements set forth in this section for self-contained self-rescuers, the mine operator shall provide for each person who is underground at least one (1) additional self-contained self-rescuer device which provides protection for a period of one (1) hour or longer, to cover all persons in the mine.

(e) If a mantrip or mobile equipment is used to enter or exit the mine, additional self-contained self-rescuer devices, each of which provides protection for a period of one (1) hour or longer, shall be available for all persons who use the transportation from portal to portal.

(3) It shall be a Class D felony for any person to remove a self-rescuer from the cache for purposes other than use during an emergency, or for repair, maintenance, or replacement or as authorized by the licensee.

Section 19. KRS 352.135 is amended to read as follows:

In all designated escapeways, each operator shall provide lifeline cords, with attached reflective material at not to exceed twenty-five (25) foot intervals and devices indicating the direction to the surface at not to exceed one hundred (100) foot intervals, from outby the loading point; provided, that in case of a shaft mine, such lifeline cords shall extend from outby to the loading point to the bottom of the designated escape shaft. Such lifeline cord shall be of ***fireproof material***[~~durable construction~~] sufficient to allow miners to see and to use effectively to guide themselves out of the mine in the event of an emergency.

Section 20. KRS 352.145 is amended to read as follows:

(1) No employee of a surface coal mining operation shall be assigned, allowed, or required to perform work alone in any area where hazardous conditions exist that would endanger his safety unless he can communicate with others, can be heard, or can be seen.

(2) At stockpiles with underground feeders or draw-off tunnels, the licensee shall install and maintain a visible warning device that shall be activated when the feeders are in operation.

(3) The operator's cab of all equipment being operated on or in the immediate area of a stockpile with underground feeders or draw-off tunnels shall be enclosed by a compartment and shall be furnished with a self-contained self-rescuer that is capable of providing oxygen for a period of not less than one (1) hour.

(4) On all haulage roadways, berms, guardrails, concrete barriers, or other suitable devices shall be installed in such a manner that they extend to at least the mid-wheel height of the highest vehicle or equipment that regularly travels that type of roadway.

(5) Preshift examinations of the area shall be performed by the mine foreman or superintendent of every working place and adjacent places to the workings, the roadway traveled by the miners during the shift, and the equipment to be operated by the miner during the shift. All preshift examinations shall include a preoperational check of equipment to be used by the miners during the shift. All preoperational checks shall be recorded, and, if a hazard is found to exist on any item of equipment that would render the equipment unsafe to operate, then the mine manager or superintendent performing the inspection shall make a report of the hazard in the record book. The record book shall be kept at the mine office at all times and open for inspection.

Section 21. KRS 352.150 is amended to read as follows:

(1) After June 16, 1972, on single-track haulage roads in mines, which the persons employed in the mine must use while performing their work or while traveling on foot to and from their work, there shall be places of refuge on one (1) side not less than five (5) feet in depth from the side of the mine car, and five (5) feet wide, and not more than ninety (90) feet apart. Refuge holes of the same dimensions shall also be provided at switch throws.

(2) Special places of refuge are not required on haulage roads on which room necks or breakthroughs occur at regular intervals not exceeding ninety (90) feet, and thus furnish places of refuge, or on haulage roads in which the track is so laid as to give a minimum clearance on one (1) side of not less than thirty (30) inches from the side of any haulage engine or any mine car, the clearance to be on the side of the road opposite that upon which electric wires are strung, if electric wires are strung in the road.

(3) No unauthorized person shall travel on foot to or from work upon any haulage road or slope where transportation is by track, when other roads in proper condition for travel are available.

(4) On all main haulage roads where hauling is done by machinery the mine foreman shall provide a proper system of signals,

and a conspicuous light or marker approved by the commissioner on the front and rear of every trip or train of cars when in motion in the mine.

(5) Mantrips shall be operated at safe speeds consistent with the condition of roads and type of equipment used and shall be so controlled that they can be stopped within the limits of visibility, in no event at a speed in excess of twelve (12) miles per hour.

(6) Each mantrip consisting of more than one (1) mine car of men shall be under the charge of a certified official, and it shall be operated independently of any loaded trip of coal or other material.

(7) Cars on the mantrip shall not be overloaded, and sufficient cars in good mechanical condition shall be provided.

(8) No material or tools except small hand tools shall be transported in the same car with men on any mantrip unless in a separate, enclosed compartment of the car, and all persons shall ride inside of mantrip cars, except the motorman and brakeman or trip rider.

(9) Men shall not load or unload before the cars in which they are to ride or are riding come to a full stop, and men shall proceed in an orderly manner to and from mantrips.

(10) A waiting station shall be provided where men are required to wait for mantrips or man-cages. It shall have sufficient room, ample clearance from moving equipment, and adequate seating facilities.

(11) Power wires shall be guarded effectively at mantrip stations where there is a possibility of any person coming in contact with energized electric wiring while loading or unloading from the mantrip.

(12) Cars used for transporting men on slopes shall be equipped with a safety device capable of stopping the trip in event of failure of the rope or couplings. The device shall be approved by the commissioner.

(13) Where belts are used for transporting men, unless the commissioner finds that a safety hazard exists which cannot be corrected, the belt transport will be allowed, and a minimum clearance of eighteen (18) inches shall be maintained between the belt and the roof or cross bars, projecting equipment, cap pieces, overhead cables, wiring, and other objects; but where the height of the coal bed permits, the clearance shall not be less than twenty-four (24) inches.

(14) Unless a greater speed is allowed by special permission from the commissioner, in which event the conditions, limitations, and rules imposed in connection with the grant of permission shall be observed, the belt speed shall not exceed two hundred fifty (250) feet per minute where the minimum overhead clearance is eighteen (18) inches, or three hundred (300) feet per minute when the minimum overhead clearance is twenty-four (24) inches, while men are loading, unloading, or being transported.

(15) The space between men riding on a belt line shall not be less than six (6) feet.

(16) Loading and unloading stations shall be illuminated properly.

(17) A certified official or some other supervisory personnel appointed by the mine foreman shall supervise all mantrips.

(18) At all mines utilizing track haulage or transportation, there shall be developed a safe and uniform system of traveling through all switch points to prevent collisions. This system shall be designed in a manner which ensures that all persons can determine who has the right of way in all circumstances. Information concerning this system shall be included in annual retraining.

(19) Efficient equipment, either mobile or self-propelled, equipped with sufficient first-aid equipment and supplies, shall be available on all underground sections where men are present to transport injured workers to the surface.

(20) At those mines that do not have a contract or other arrangement for providing ambulance service, a 4-wheel-drive vehicle or other vehicle suitable to the terrain equipped with sufficient first-aid equipment and supplies shall be available to the mines or preparation facilities for the transportation of injured workers. At those mines that have a contract or other arrangement for providing ambulance service, the access road to the mine or preparation facility shall be kept in a condition which is passable by the ambulance vehicle or other emergency rescue equipment.

Periodically, the panel shall review and make recommendations to the executive director on changes to or innovations in mine safety equipment that could be deployed in coal mines.

Section 7. KRS 351.106 is amended to read as follows:

(1) The Mining Board shall establish criteria and standards for a program of education and training to be required of prospective miners, miners, and all certified persons. This education and training shall be provided in a manner determined by the commissioner to be adequate to meet the standards established by the board, which shall include as a minimum the requirements of KRS 351.102 and the requirements of the federal government for the training of miners for new work assignments, and at least sixteen (16) hours of annual retraining and reeducation for all certified persons, of which thirty (30) minutes annually shall be dedicated to alcohol and substance abuse education. ***Effective January 1, 2009, in addition, six (6) hours of annual training on changes in mine safety laws, safe retreat mining practices, disciplinary cases litigated before the Mine Safety Review Commission, changes in mine safety technology, and ways to improve safe working procedures shall be required for all mine foremen. This annual training for mine foremen shall be provided exclusively by the Office of Mine Safety and Licensing.***

(2) One (1) hour of initial substance abuse training and education shall be required as part of the certified miner's first annual retraining conducted in a classroom that occurs after August 1, 2006. This requirement shall not apply to certified persons who received the one (1) hour initial substance abuse training and education as part of their forty (40) hour or twenty-four (24) hour new miner training.

(3) In addition to the thirty (30) minutes of annual alcohol and substance abuse education required for certified miners, supervisory personnel shall be required to receive an additional thirty (30) minutes of alcohol and substance abuse awareness training annually.

(4) Beginning with the first full calendar year after the effective date established by the board and during each calendar year thereafter, each certified miner shall receive at least sixteen (16) hours of retraining and reeducation.

(5) Newly hired experienced miner training shall satisfy the miner's annual retraining requirement if a time lapse occurs between the miner's last training anniversary date and the next scheduled training anniversary date for the mine where he is newly employed, if the miner has complied with the annual retraining requirements within the last twelve (12) months from the date of his newly hired experienced miner training.

(6) Retraining and reeducation sessions shall be conducted at times and in numbers to reasonably assure each certified miner an opportunity to attend.

(7) The licensee shall pay all certified miners their regular wages and benefits while they receive training required by the department.

(8) Willful failure of a working miner to complete annual retraining and reeducation requirements shall constitute grounds for revocation, suspension, or probation of his certificate.

(9) If the department discovers a miner working without proper training or the licensee cannot provide proof of training, the miner shall be withdrawn immediately from the mine and the licensee shall pay the miner his regular wages until the training is administered and properly documented.

(10) When employment is terminated, the licensee shall provide the employee a copy of his training records, upon request. If the employee does not request his training records immediately, the licensee shall, within fifteen (15) days, provide the employee with those training records.

(11) The board may, upon its own motion or whenever requested to do so by the commissioner, deem applicable certificates issued by other states to be proof of training and education equal to the requirements of KRS 351.102 or deem training provided by appropriate federal agencies to be adequate to meet training and education requirements established by the board, if the training and education meet the minimum requirements of this chapter.

(12) The secretary may promulgate administrative regulations necessary to establish a program to implement the provisions of this chapter according to the criteria and standards established by the board. This program shall include but not be limited to implementation of a program of instruction and the conduct of examinations to test each applicant's knowledge and understanding of the training and instruction.

(13) The commissioner shall keep and maintain current records on all certified miners, all of which shall be maintained by

computer for ready access. ***The commissioner shall not grant certification to any person that, at the time of application, had his or her miner certification, foreman certification, electrician certification, or any other mining specialty certification suspended or revoked by another state. If a person has his or her miner certification, foreman certification, electrician certification, or other mining specialty certification probated in another state, the commissioner or the Mining Board may, at his or its discretion, grant the equivalent certification. However, that certification shall be placed on probation in Kentucky until the probationary period in the other state has expired.***

(14) The commissioner is authorized and directed to utilize state mine inspectors, mine safety instructors, the state mine foreman examiner, private and public institutions of education, and other qualified persons available to him in implementing the program of instruction and examination.

(15) The commissioner may make recommendations to the board as he may deem appropriate. The commissioner shall provide information to the board at the board's request. The commissioner is authorized and directed to utilize state and federal moneys and personnel that may be available to the department for educational and training purposes in the implementation of the provisions of this chapter.

(16) All training and education required by this section may be conducted in classrooms, on the job, or in simulated mines.

Section 8. KRS 351.127 is amended to read as follows:

(1) ~~[A]~~Certified emergency medical ***technicians***~~[technician]~~ or mine emergency ***technicians***~~[technician]~~ shall be employed at every licensed coal mine whose employees are actively engaged in the extraction, production, or preparation of coal. Persons employed as mine emergency technicians shall be trained in a manner established in an administrative regulation promulgated by the department. Persons seeking certification as a mine emergency medical technician or mine emergency technician shall be subject to the following additional requirements:

(a) All persons seeking certification as a mine emergency technician shall demonstrate drug- and alcohol-free status in accordance with KRS 351.182 and 351.183;

(c) Certification as a mine emergency technician shall not be issued until the results of the drug and alcohol testing have been obtained. Notification shall be given to the person in accordance with KRS 351.184.

(2) These emergency medical technicians or mine emergency technicians shall be employed in the following manner:

(a) ***At least two (2)***~~[One (1)]~~ emergency medical~~[technician]~~ or mine emergency ***technicians***~~[technician]~~ shall be employed on every shift ***engaged in the production of coal, and at least one (1) emergency medical or mine emergency technician shall be employed on every nonproduction shift***~~[with a workforce of up to fifty (50) employees]~~;

(b) ***For underground mines, at least one (1) of the two (2) emergency or mine emergency technicians shall be underground at all times while miners are working in the mines.*** An additional emergency medical technician or mine emergency technician shall be employed for every additional fifty (50), or any portion thereof, employees per shift who are actively engaged in the extraction, production, or preparation of coal.

(3) If these emergency medical technicians or mine emergency technicians are also employed in other capacities at the coal mine, they shall be available for quick response to emergencies and shall have available to them at all times the equipment necessary to respond to emergencies, as prescribed by the commissioner.

(4) If the licensee selects existing employees to be trained as emergency medical technicians or mine emergency technicians, the employees selected shall be paid their regular wages during training.

(5) Certified emergency medical technicians and mine emergency technicians shall receive annual retraining in the manner established in an administrative regulation promulgated by the department, during which they shall receive their regular wages.

Section 9. KRS 351.140 is amended to read as follows:

Each mine inspector shall give his entire time and attention to the duties of his office, which shall consist of the following:

(1) Inspecting mines and aiding, under the direction of the commissioner, in carrying out and enforcing the provisions of the law relating to the inspection of mines;

(2) Training officials and workmen in and about the mines in first aid and mine rescue methods;

(3) Advising officials and workmen in methods pertaining to safety in all its phases and in methods pertaining to the prevention of mine fires and explosions;

(4) Taking charge of mine rescue and recovery work whenever a mine fire, mine explosion or other serious accident occurs within his district, and the commissioner is not present, and assisting in such work in other districts when so directed by the commissioner;

(5) Reopening mines or portions of mines that have been sealed on account of fire or any other cause, when directed by the commissioner to do so;

(6) Inspecting each underground coal mine in his district at least ***six (6)***~~[three (3)]~~ times a year and all other mines once every

six (6) months. ***For underground coal mines, two (2) of the six (6) general inspections conducted annually shall additionally include a full electrical inspection.*** The commissioner may cause inspections more often if practicable and if funds permit, and whenever any danger to the workmen may exist; making a personal examination of the interior of each mine with respect to ventilation, drainage, roof control, blasting, electricity, escapeways, and general security, and also a personal examination of the outside facilities of the mine; and in gassy mines below the water table, inspections shall be more frequent, and as often as practical whenever any danger to workmen is indicated by a previous inspection. Such inspections shall involve at least two (2) inspectors. The inspectors shall locate themselves in different sections of the mine in order to determine the effectiveness and reliability of the ventilation system. Each section of the mine shall be so inspected;

(7) It shall be permissible for a mine inspector to inspect any coal preparation plant or surface facility of any mining operation of coal including any overland coal belts; and

(8) A mine inspector shall have the express authority to enter upon the premises of and inspect any coal mine, including any overland coal belts, at any reasonable time.

Section 10. KRS 351.175 is amended to read as follows:

(1) The operation of a coal mine in Kentucky is a privilege granted by the Commonwealth of Kentucky to a licensee who satisfies the requirements of this section and demonstrates that the mine is or will be operated in a safe manner and in accordance with the laws of this Commonwealth.

(2) Within forty-five (45) days after January 1, 1953, and of each year thereafter, the owner, operator, lessee, or licensee of each mine shall procure from the department a license to operate the mine, and the license shall not be transferable. Any owner, operator, lessee, or licensee who assumes control of a mine, opens a new mine, or reopens an abandoned mine during any calendar year shall procure a license before mining operations are begun.

(3) The license shall be in printed form as the commissioner may prescribe and when issued shall be kept posted at a conspicuous place near the main entrance of the mine.

(4) Requests for a license shall be made to the department and shall be accompanied by a United States postal money order or cashier's check drawn in favor of the State Treasurer in an amount established by administrative regulations of a minimum of one hundred dollars ($100) and a maximum of fifteen hundred dollars ($1,500). The license shall be issued when the following are properly submitted to the commissioner:

  (a) The annual report of the licensee and the annual mine map required in KRS 351.170 and 352.450;

  (b) A certification from the executive director of the Office of Workers' Claims that the licensee has provided positive proof of compliance with the provisions of KRS Chapter 342;

  (c) A certification from the commissioner of the Department of Revenue that the licensee is not a "delinquent taxpayer" as defined in KRS Chapter 131;

  (d) ***Mine seal construction plan;***

  (e) Roof control plan;

  (f) The ventilation plan required in KRS 352.020; and

  (g)[~~(e)~~]An approved emergency action plan required by KRS 352.640.

(5) The department shall immediately revoke any license if the department receives:

  (a) Withdrawal of the certification of compliance with KRS Chapter 342 issued by the executive director of the Office of Workers' Claims; or

  (b) Notice from the commissioner of the Department of Revenue that the licensee is a "delinquent taxpayer" as defined in KRS Chapter 131.

(6) The commissioner, the executive director of the Office of Mine Safety and Licensing, or the mine inspector shall have the authority to stop production or close any mine whose operator fails to procure a license or fails to furnish a certification of workers' compensation coverage as required under this section.

(7) The department shall be authorized to seek injunctive relief for any violation of this section. Revocation of a license by the department shall be an administrative function of the department. Appeals from revocation by the department shall be brought in Franklin Circuit Court.

(8) A license which has been revoked under the "delinquent taxpayer" provision shall not be reissued until a written tax clearance has been received from the commissioner of revenue.

(9) No mine underlying a cemetery shall be licensed by the commissioner unless two-thirds (2/3) of the governing body of that cemetery vote in approval of the operation. The application for a license shall contain an affidavit setting forth the approval of the cemetery's governing body. This subsection applies only to those cemeteries with governing bodies.

Section 11. KRS 351.194 is amended to read as follows:

(1) The Mine Safety Review Commission shall promulgate administrative regulations in accordance with KRS Chapter 13A to establish administrative hearings procedures to be followed in determining if violations of mine safety laws, including, but not limited to, violations that meet the criteria established in KRS 351.025(1) or (2), have occurred and to establish a

process to review recommended orders from any hearing officers acting on behalf of the commission. The procedures shall follow the requirements of KRS Chapter 13B ***and this chapter***.

(2) The chair or a majority of the Mine Safety Review Commission may convene a meeting of the commission at which it shall consider whether to schedule a hearing regarding any licensee, coal operation, or other person involved in the mining of coal.

(3) If the commission determines that there is probable cause to believe that the licensee, coal operation, or other person against whom the department has made allegations of unsafe work practices or other violation of applicable law is guilty of an alleged violation, the commission shall schedule a hearing at which the department shall offer evidence in support of the allegations made by it. The licensee, coal operation, or other person against whom the allegations are made shall be given not less than twenty (20) days' written notice of the charges against him, together with the date, time, and place at which the charges shall be heard, and of his opportunity to be represented by counsel, produce evidence and witnesses on his behalf, and examine the evidence and documents that may be produced against him. The commission may also be represented by counsel and shall not be bound by the technical rules of evidence, but its order shall be based upon competent evidence. Any licensee or other person summoned to appear at a hearing in the manner established in this subsection may, in writing, waive the notice required to be given to him.

(4) The commission may proceed with its hearing of charges made by the department against any licensee, coal operation, or other person who, after being duly notified in accordance with the requirements of this section, fails to appear at or participate in the hearing and who fails to assert any legitimate basis for the failure.

(5) Within ninety (90) days after hearing, the commission shall issue an order in which it sets out its determinations concerning each matter coming before it. Copies of the order shall be provided to all parties to the hearing. The department shall carry out or enforce, as appropriate, the order of the commission, which may include, though not be limited to, the imposition of civil penalties, revocation, suspension, or probation of the mine license or the miner's certification.

(6) The commission may modify a civil penalty or fine established under this chapter, under criteria established by the commission by administrative regulations.

(7) In assessing monetary penalties within the limits provided in KRS 351.025, the commission shall consider the operator's history of previous violations, the appropriateness of the penalty to the size of the operator charged, whether the operator was negligent, the effect on the operator's ability to continue in business, the gravity of the violation, the demonstrated good faith of the person charged in attempting to achieve rapid compliance after notification of a violation, and whether a penalty has been imposed by the Federal Mine Safety and Health Act for a violation that arose out of the same set of facts or circumstances.

(8) An appeal of an order of the commission shall be filed in the Franklin Circuit Court within thirty (30) days of entry of the order.

Section 12. KRS 352.020 is amended to read as follows:

(1) A mine ventilation plan and any revision of an existing mine ventilation plan shall be suitable to the ventilation conditions and mining system of each mine. The mine ventilation plan and any revisions to the mine ventilation plan approved by the United States Mine Safety and Health Administration shall be submitted to the executive director or his or her authorized representative and incorporated into the license. All mine ventilation plans shall be set forth in printed form. The mine ventilation plan shall require the air quality throughout the mine to contain at least nineteen and one-half percent (19.5%) oxygen and not more than one-half of one percent (0.5%) of carbon dioxide, and the volume and velocity of the air current shall be sufficient to dilute, render harmless, and carry away flammable, explosive, noxious, and harmful gases and dust, smoke, and fumes. A copy of the mine ventilation plan and any revisions to that plan shall be available to the miners and their representatives.

(2) The ventilation of all underground coal mines shall be produced by means of mechanically operated fans located outside the mine in fireproof housing and offset at least fifteen (15) feet to one (1) side or above the opening, protected by explosion doors or weak walls and arranged so that ventilating current may be reversed if necessary. The fan shall be installed so as to prevent recirculation of mine air. The main fan shall be operated from a power circuit independent from the mine circuit. If inside auxiliary fans are required to ventilate working places the commissioner must first approve the installation.

(3) The licensee, superintendent, or foreman of every coal mine worked by shaft, slope, or drift shall provide and maintain for every mine two (2) separate and distinct escapeways, one (1) of which is vented by the intake air. However, if a mine was originally licensed prior to January 1, 1990, the commissioner may approve an alternate ventilation plan. Each active working section shall be ventilated by a separate split of intake air. In all mines the quantity of air passing through the last open crosscut between the intake and return in any pair or sets of entries shall be not less than nine thousand (9,000) cubic feet of air per minute and as much more as is necessary to dilute and render harmless and carry away flammable and harmful gases. All working faces from which coal is being cut, mined, or loaded in a working section between the intake and return airway entries shall be ventilated with a minimum quantity of three thousand (3,000) cubic feet of air per minute and as much more as is necessary to dilute and render harmless and carry away flammable and harmful gases. The quantity of air reaching the last crosscut in pillar sections may be less than nine thousand (9,000) cubic feet of air per minute if at least nine thousand (9,000) cubic feet of air per minute is being delivered to the intake of the pillar line. The air current

shall under any conditions have a sufficient volume and velocity to reduce and carry away smoke from blasting and any flammable or harmful gases.

(4) All mines shall maintain at least nine thousand (9,000) cubic feet of air per minute at the points mentioned in subsection (3) of this section. The commissioner shall have the authority to require additional air in any mine when he deems it necessary for the safety of the employees.

(5) When the air from a split has passed through and has ventilated all the working places in an air split of a mine it shall then be designated as return air. Return-air courses shall not be designated as primary escapeways.

(6) As working places advance, breakthroughs for air shall be made not more than ninety (90) feet apart, except that where longwall or modern systems of mining are used the commissioner or his authorized representative may approve a greater distance between breakthroughs or the method of ventilating such longwall or modern systems of mining. If any breakthroughs between intake and return airways are not required for the passage of air or the travel of equipment, they shall be closed with stoppings. All permanent stoppings shall be substantially built with suitable incombustible or fire resistant material subject to the approval of the mine inspector so as to keep the working places well ventilated. All brattice cloth and ventilation tubing shall be flame resistant. Doors on the main haulways shall be avoided where practicable, and overcasts, built of concrete or other suitable material and of ample strength, shall be adopted. Where doors are used they shall be built in a substantial manner, and shall be hung so as to close automatically when unobstructed.

(7) In a mine where methane can be found to an extent of one percent (1%) or more on the return of any one (1) split, the inspector, with the approval of the commissioner may require the mine to be ventilated by the exhaust system, requiring the haulage roads and all feed wires to be located on the intake air and the electrical system to be so arranged that no wires carrying electrical current shall be on return air. A period of not more than ninety (90) days from date of notification shall be allowed to make the changes required.

(8) The ventilation plan shall require all fans utilized in the ventilation plan to be in operation ***unless the fan must be turned off for repairs or maintenance, during which time all persons must be withdrawn from the mine. After the mine fan is restarted following the completion of repairs or maintenance, it must be in operation for a sufficient period to ensure air quality and the equalization of the mine atmosphere***[~~for a sufficient period to ensure air quality and equalization of the mine atmosphere prior to the entry of workers into underground areas~~].

Section 13. KRS 352.090 is amended to read as follows:

(1) All unused workings and abandoned parts of mines shall be protected by safeguards that will prevent the accumulation or overflow of gas, and all avenues leading thereto shall be so arranged and conducted as to give warning to all persons of the danger of entering, and notice shall be posted warning all unauthorized persons not to enter these parts of the mine. If the area cannot be adequately ventilated, and examined, or evaluated it shall be sealed in a timely manner.

(2) No person, except persons authorized to make examination thereof, shall enter any unused or abandoned part of a mine after the warning has been posted.

(3) Where the practice is to seal abandoned workings, the sealing shall be done ***in accordance with a mine seal construction plan submitted to the Office of Mine Safety and Licensing. Seal construction shall be done*** immediately in an effective manner with noncombustible material. In every sealed area, one (1) or more of the seals shall be fitted with a pipe and cap or valve to permit the gases behind the seals to be sampled and also to provide a means of determining any existing hydrostatic pressure. When required by the mine inspector and commissioner, drill holes shall be extended from the surface to the sealed area, or vent pipes shall be extended from the sealed area to a return air course. Sufficient ventilation shall be provided at each seal to prevent dangerous gases from accumulating.

Section 14. KRS 352.133 is amended to read as follows:

(1) All underground miners shall be provided with an approved self-contained self-rescuer device and shall have that device within twenty-five (25) feet of them at all times. The self-contained self-rescuer shall be provided to the miners by the licensee at no cost to the miners.

(2) In addition to the requirements for self-contained self-rescuers set forth in this section, all licensed premises shall maintain caches of self-contained self-rescuer devices which shall be stored in locations readily accessible to the primary and secondary escapeways or provide proof of an order for self-contained self-rescuers through the submission of a valid purchase order that clearly names the vendor, contact information for the vendor, the number of devices purchased, and the date of the order, which shall not be later than thirty (30) days after July 12, 2006. In all cases, the self-contained self-rescuers shall be in place by July 1, 2007, or shall be extended by the commissioner upon substantiated proof of unavailability.

(a) The caches shall be maintained in sufficient numbers and locations determined in accordance with the most recent rules, standards, and regulations issued by the United States Mine Safety and Health Administration ***and this section***.

(b) The caches shall be maintained in storage units capable of protecting the self-contained self-rescuers from water, dust, and any other condition which will cause deterioration of the self-contained self-rescuers.

(c) The storage unit locations shall have reflective signs that read "SELF-RESCUERS" conspicuously posted as to be visible from the primary and secondary escapeways.[~~ Intrinsically safe strobe light devices also shall be attached to~~

~~the storage unit. The strobe light devices may operate continuously or shall be capable of activation in the event of a mine emergency.~~]

(d) In addition to the requirements set forth in this section for self-contained self-rescuers, the mine operator shall provide for each person who is underground at least one (1) additional self-contained self-rescuer device which provides protection for a period of one (1) hour or longer, to cover all persons in the mine.

(e) If a mantrip or mobile equipment is used to enter or exit the mine, additional self-contained self-rescuer devices, each of which provides protection for a period of one (1) hour or longer, shall be available for all persons who use the transportation from portal to portal.

(3) It shall be a Class D felony for any person to remove a self-rescuer from the cache for purposes other than use during an emergency, or for repair, maintenance, or replacement or as authorized by the licensee.

Section 15. KRS 352.135 is amended to read as follows:

In all designated escapeways, each operator shall provide lifeline cords, with attached reflective material at not to exceed twenty-five (25) foot intervals and devices indicating the direction to the surface at not to exceed one hundred (100) foot intervals, from outby the loading point; provided, that in case of a shaft mine, such lifeline cords shall extend from outby to the loading point to the bottom of the designated escape shaft. Such lifeline cord shall be of ***flame resistant material***[~~durable construction~~] sufficient to allow miners to see and to use effectively to guide themselves out of the mine in the event of an emergency. ***All lifeline cords shall be made of flame resistant material within one hundred eighty (180) days of the effective date of this section.***

Section 16. KRS 352.145 is amended to read as follows:

(1) No employee of a surface coal mining operation shall be assigned, allowed, or required to perform work alone in any area where hazardous conditions exist that would endanger his safety unless he can communicate with others, can be heard, or can be seen.

(2) At stockpiles with underground feeders or draw-off tunnels, the licensee shall install and maintain a visible warning device that shall be activated when the feeders are in operation.

(3) The operator's cab of all equipment being operated on or in the immediate area of a stockpile with underground feeders or draw-off tunnels shall be enclosed by a compartment and shall be furnished with a self-contained self-rescuer that is capable of providing oxygen for a period of not less than one (1) hour.

(4) On all haulage roadways, berms, guardrails, concrete barriers, or other suitable devices shall be installed in such a manner that they extend to at least the mid-wheel height of the highest vehicle or equipment that regularly travels that type of roadway.

(5) A surface preshift examination shall be conducted within three (3) hours prior to men working. A certified foreman shall check the areas where men are required to work or travel during the shift. Roadways, pit areas, highwalls, and dumping points shall be checked. If any hazardous conditions are found, they shall be corrected prior to men working in the area. A suitable record book shall be kept in the control of the mine foreman. Immediately after the examination of the mine or portion thereof, the mine foreman shall enter and sign a record of the examination in the book with ink. The record shall clearly show any danger discovered at the mine, and the action taken to correct the dangerous conditions. The record book shall, at all times during the working hours, be accessible to the mine inspector or analyst and the miner or his representative.

(6) All equipment operators shall conduct a preoperational check of their equipment. All preoperational checks shall be recorded by the equipment operator and kept with the equipment and, if a hazard is found to exist on any piece of equipment that would render it unsafe to operate, the hazardous condition shall be reported to the mine foreman or mine superintendent. All appropriate repairs shall be made before the equipment is put back into operation, except for moving the equipment to a safe place for repairs. The record book of all hazardous conditions and repairs made shall be kept in the control of the mine foreman or mine superintendent at all times.

Section 17. KRS 352.170 is amended to read as follows:

(1) All underground mines shall be worked exclusively by the use of approved electric lamps for personal lighting.

(2) ***A mine operator shall provide an MSHA-approved, handheld, multi-gas detector that can measure methane, oxygen, and carbon monoxide to each group of underground miners and to each person who works alone, such as pumpers, examiners, and outby miners. Miners shall be trained in the proper use and calibration of the multi-gas detectors and shall document that the training has been provided. Signs shall be prominently posted at places miners gather with instructions on the proper use of multi-gas detectors***[~~All mine foremen and fire bosses employed in mines shall carry approved gas detection devices for the purpose of detecting the presence of explosive and dangerous gases and deficiencies of oxygen~~].

(3) No person shall at any time carry into any mine any intoxicants. No person shall at any time enter any underground mine with matches, pipes, cigars, cigarettes, or any device for making lights or fire not authorized or approved, and the licensee shall at frequent intervals search, or cause to be searched, any person entering or about to enter the mine or inside the mine, to prevent the person from taking, carrying, or using the articles therein.

Section 18. KRS 352.180 is amended to read as follows:

(1) Whenever a serious physical injury or loss of life occurs in a mine or in the machinery connected therewith or whenever a fire, explosion, entrapment of an individual for more than thirty (30) minutes, inundation of a mine by water or gases[~~, or other serious accident~~] occurs, the superintendent of the mine, or, if he is absent, the mine manager, or if he is absent, the mine foreman in charge of the mine or his designee, shall within fifteen (15) minutes of having actual knowledge of the occurrence and access to the communication system as required under KRS 352.630(3) give notice to the department and to the representative of the miner, stating the particulars of the accident. No person shall alter the scene of a mining accident in a manner that will interfere with the department's investigation of the accident, except to the extent necessary to rescue an individual or to eliminate an imminent danger.

(2) Upon receipt of notification of an occurrence set forth in subsection (1) of this section, the mine inspector shall immediately go to the scene of the accident and make an investigation and suggestions and render the assistance as he deems necessary for the future safety of the employees, investigate the cause of the fire, explosion, or accident, make a record thereof, and forward it to the commissioner.

(3) The record of the investigations shall be preserved with the other records of the commissioner's office. To aid in making the investigations, the commissioner or the mine inspector may compel the attendance of witnesses and administer oaths.

(4) Failure to comply with the reporting requirements set forth in this section shall create a rebuttable presumption of an intentional order to violate mine safety laws that places miners in imminent danger of serious physical injury or death and shall be subject to revocation, suspension, or probation of the mine license and a civil monetary penalty of not less than ten thousand dollars ($10,000) nor more than one hundred thousand dollars ($100,000).

(5) The Office of Mine Safety and Licensing may require testing of certified persons to determine whether the presence of intoxicants or controlled or illicit substances are a contributing factor in any mine accident in which serious physical injury or loss of life occurs or which was reported under this section. The executive director or his designee may order the testing of certified persons who:

(a) Were working in the immediate area of the accident; or

(2) Upon receipt of notification of an occurrence set forth in subsection (1) of this section, the mine inspector shall immediately go to the scene of the accident and make an investigation and suggestions and render the assistance as he deems necessary for the future safety of the employees, investigate the cause of the fire, explosion, or accident, make a record thereof, and forward it to the commissioner.

(3) The record of the investigations shall be preserved with the other records of the commissioner's office. To aid in making the investigations, the commissioner or the mine inspector may compel the attendance of witnesses and administer oaths.

(4) Failure to comply with the reporting requirements set forth in this section shall create a rebuttable presumption of an intentional order to violate mine safety laws that places miners in imminent danger of serious physical injury or death and shall be subject to revocation, suspension, or probation of the mine license and a civil monetary penalty of not less than ten thousand dollars ($10,000) nor more than one hundred thousand dollars ($100,000).

(5) The Office of Mine Safety and Licensing may require testing of certified persons to determine whether the presence of intoxicants or controlled or illicit substances are a contributing factor in any mine accident in which serious physical injury or loss of life occurs or which was reported under this section. The executive director or his designee may order the testing of certified persons who:

(a) Were working in the immediate area of the accident; or

(b) In the judgment of the executive director or his designee, may reasonably have contributed to or witnessed the accident or fatality.

(6) The post-accident testing permitted by subsection (5) of this section shall:

When disconnects for stationary low and medium voltage equipment that do not provide visual evidence that the power is disconnected are used, an adequately rated voltage detector shall be used to test each phase conductor or circuit part to verify they are de-energized before any work is performed. When practical, confirmation that the voltage detector is operating satisfactorily shall be made before each test.

(4) (a) Notwithstanding any provisions of subsections (1), (2), or (3) of this section, the department may authorize the construction, maintenance, operation, or conducting of any activity regulated by this section, to be constructed, maintained, operated, or conducted in a different manner than specified in any provision of subsections (1), (2), or (3) of this section, when scientific or engineering information is made available to the department substantially indicating that the different manner would afford equal or greater protection and safety than the manner required in subsections (1), (2), or (3) of this section; and

(b) The department may prescribe administrative regulations with respect to the aboveground or underground installations in connection with any mine operation when information is made available indicating that regulation is reasonably necessary to prevent injury to, or loss of, life and property.

(1) Every employer subject to this chapter shall be liable for compensation for injury, occupational disease, or death without regard to fault as a cause of the injury, occupational disease, or death.

(2) A contractor who subcontracts all or any part of a contract and his carrier shall be liable for the payment of compensation to the employees of the subcontractor unless the subcontractor primarily liable for the payment of such compensation has secured the payment of compensation as provided for in this chapter. Any contractor or his carrier who shall become liable for such compensation may recover the amount of such compensation paid and necessary expenses from the subcontractor primarily liable therefor. A person who contracts with another:

(a) To have work performed consisting of the removal, excavation, or drilling of soil, rock, or mineral, or the cutting or removal of timber from land; or

(b) To have work performed of a kind which is a regular or recurrent part of the work of the trade, business, occupation, or profession of such person

shall for the purposes of this section be deemed a contractor, and such other person a subcontractor. This subsection shall not apply to the owner or lessee of land principally used for agriculture.

(3) Liability for compensation shall not apply where injury, occupational disease, or death to the employee was proximately caused primarily by voluntary intoxication as defined in KRS 501.010, or by his willful intention to injure or kill himself or another.

(4) If injury or death results to an employee ***because the***[~~ through the deliberate intention of his~~] employer ***has engaged in gross negligence, recklessness, or has violated a safety standard or regulation*** to produce such injury or death, the employee or ***the personal representative of the employee's estate, in the case of death, may pursue a civil action in tort against the employer. A tort claim arising from such gross negligence, recklessness, or violation of a safety standard or regulation shall not be barred by the exclusivity provisions under this chapter***[~~ his dependent as herein defined shall receive the amount provided in this chapter in a lump sum to be used, if desired, to prosecute the employer. The dependents may bring suit against the employer for any amount they desire. If injury or death results to an employee through the deliberate intention of his employer to produce such injury or death, the employee or his dependents may take under this chapter, or in lieu thereof, have a cause of action at law against the employer as if this chapter had not been passed, for such damage so sustained by the employee, his dependents or personal representatives as is recoverable at law. If a suit is brought under this subsection, all right to compensation under this chapter shall thereby be waived as to all persons. If a claim is made for the payment of compensation or any other benefit provided by this chapter, all rights to sue the employer for damages on account of such injury or death shall be waived as to all persons~~].

(5) Prior to issuing any building permit pursuant to KRS 198B.060(10), every local building official shall require proof of workers' compensation coverage from the builder before a permit is issued. A person who is exempt under the exception contained in KRS 342.650(2), and any contractor otherwise exempt from this chapter, shall so certify to the local building official, in writing and on a form prescribed by the executive director, in lieu of providing proof of workers' compensation coverage.

(6) Every employer subject to this chapter, at its principal office and such other locations where employees customarily report for payroll and personnel matters, shall post a notice stating the name of its workers' compensation insurance carrier and policy number, setting forth the means to access medical care for injuries, the employee's obligation to give notice of accidents, and such other matters concerning the employee's rights under this chapter as may be required by the executive director so as to afford every employee the opportunity to become informed about the employer's workers' compensation program. The format and contents of the notice shall be established by the executive director through administrative regulation, and copies shall be provided to the employer by its insurance carrier.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 367 IS CREATED TO READ AS FOLLOWS:

(1) As used in Sections 1 to 3 of this Act:

(a) "Telephone facsimile machine" means equipment that has the capacity to transcribe text or image, or both, from:

1. Paper into an electronic signal and to transmit that signal over a regular telephone line; or

2. An electronic signal received over a regular telephone line onto paper;

(b) "Unsolicited advertisement by telephone facsimile machine" means material transmitted to a recipient by telephone facsimile machine that:

1. Advertises the commercial availability or quality of property, goods, services, or business, investment, or employment opportunities; and

2. Is transmitted to a recipient without the recipient's prior express invitation or permission; and

(c) "Established business relationship" means a prior or existing relationship formed by a voluntary two-way communication between a person or entity and a business or residential subscriber with or without an exchange of consideration or payment, on the basis of an inquiry, application, purchase, or transaction by the business or residential subscriber regarding products or services offered by a person or entity, which relationship has not been previously terminated by either party.

SECTION 2. A NEW SECTION OF KRS CHAPTER 367 IS CREATED TO READ AS FOLLOWS:

(1) It shall be unlawful for any person to transmit or cause to be transmitted any unsolicited advertisement by telephone facsimile machine to a residential, business, voice-over-internet, or cellular telephone number, unless there is an established business relationship between the sender and the recipient.

(2) Any advertisement so transmitted shall contain a notice that informs the recipient of the ability and means to avoid future unsolicited advertisements. A notice contained in an advertisement complies with the requirements under this subsection only if:

(a) The notice is clear and conspicuous and on the first page of the advertisement;

(b) The notice states that the recipient may make a request to the sender of the advertisement not to send any future

advertisements to a telephone facsimile machine or machines and that failure to comply within thirty (30) days with such a request meeting the requirements under subsection (4) of this section is unlawful;

(c) The notice sets forth the requirements for an opt-out request; and

(d) The notice includes:

1. A domestic contact telephone number and facsimile machine number for the recipient to transmit an opt-out request to the sender; or

2. If neither the required telephone number nor facsimile machine number is a toll-free number, a separate cost-free mechanism including a Web site address or e-mail address by which a recipient may transmit a request pursuant to such notice to the sender of the advertisement. A local telephone number also shall constitute a cost-free mechanism so long as recipients are local and will not incur any long distance or other separate charges for calls made to such number; and

(e) The telephone and facsimile numbers and cost-free mechanism identified in the notice permit an individual or business to make an opt-out request twenty-four (24) hours a day, seven (7) days a week.

(3) A facsimile advertisement that is sent to a recipient that has provided prior express invitation or permission to the sender shall still include an opt-out notice that complies with the requirements in subsection (2) of this section.

(4) A request not to send future unsolicited advertisements to a telephone facsimile machine shall be honored by the sender as set forth in subsection (5) of this section so long as:

(a) The request identifies the telephone number or numbers of the telephone facsimile machine or machines to which the request relates;

(b) The request is made to the telephone number, facsimile number, Web site address or e-mail address identified in the sender's facsimile advertisement; and

(c) The person making the request has not, subsequent to such request, provided express invitation or permission to the sender, in writing, to send such advertisements to such person at such telephone facsimile machine.

(5) A sender that receives a request not to send future unsolicited advertisements that complies with subsection (4) of this section shall honor that request within the shortest reasonable time from the date of such request, not to exceed thirty (30) days, and is prohibited from sending unsolicited advertisements to the recipient unless the recipient subsequently provides prior express invitation or permission to the sender. The recipient's opt-out request terminates the established business relationship exemption for purposes of sending future unsolicited advertisements. If such requests are recorded or maintained by a party other than the sender on whose behalf the unsolicited advertisement is sent, the sender will be liable for any failures to honor the opt-out request.

HCR 126, A CONCURRENT RESOLUTION recognizing ConnectKentucky as the Commonwealth's information technology resource.

WHEREAS, the Kentucky General Assembly created the Kentucky Broadband Task Force in 2004 Ky. Acts ch. 167, and in 2005, the House of Representatives recognized ConnectKentucky for its innovative and progressive approach to accelerate technology initiatives in HR 124; and the "Prescription for Innovation" initiative was launched, which centered on achieving an array of benefits through widespread broadband Internet access; and

WHEREAS, Kentucky's progressive approach for increasing information technology deployment and adoption through the ConnectKentucky public-private partnership framework has been held up as a national model by a number of governmental and state organizations; and

WHEREAS, in the first two years, as a result of the progressive policy enacted by the Commonwealth of Kentucky and the subsequent investment by ConnectKentucky's telecommunication and cable partners, statewide broadband availability increased by 45 percent, resulting in an additional 429,000 households with access to broadband service; and

WHEREAS, the Broadband Task Force was directed to examine all aspects of expanding broadband availability in the Commonwealth, including regulation, cost, access to facilities, and market competition, and received testimony from numerous representatives of state and federal regulatory authorities, private and public telecommunications providers, consumer group representatives, and telecommunications industry associations, including ConnectKentucky, a private nonprofit technology-based economic development alliance charged with primary responsibility for achieving the goal of 100 percent accessibility of broadband service among Kentucky residents by 2007; and

WHEREAS, at its first meeting, the Kentucky Broadband Task Force requested ConnectKentucky to provide baseline and trend data as required in 2004 Ky. Acts ch. 167, and ConnectKentucky successfully fulfilled this request and continues to provide updates on this data; and

WHEREAS, ConnectKentucky collaborates with the Kentucky Infrastructure Authority to produce and maintain a comprehensive geographic information system inventory of broadband infrastructure and service availability -- a first in the nation -- that facilitates strategic decision-making regarding technology investments by identifying areas at the county and census-block levels with inadequate broadband service and existing infrastructure; and

WHEREAS, ConnectKentucky is working with electronic-community leadership teams in each county to confirm and refine the accuracy of mapped broadband coverage areas; and

WHEREAS, ubiquitous availability of broadband is widely believed to be critical to attracting new industry, business investment, and jobs to Kentucky, with a full deployment of broadband and the development of a technology-savvy workforce potentially creating up to 14,000 jobs and adding as much as $5,000,000,000 annually to Kentucky's gross state product; and

WHEREAS, ConnectKentucky has undertaken a major initiative to stimulate interest and demand for broadband by organizing and supporting electronic-community leadership teams in each county in order to develop detailed business plans and identify value-adding software applications for nine community sectors, including small business, local government, K-12 education, health care, libraries, higher education, agriculture, tourism, and nongovernmental organizations; and

WHEREAS, in the government sector, efforts are focused on the development of a meaningful online presence for every community with ready-to-offer citizen information services; and

WHEREAS, at the statewide level, ConnectKentucky brings together state agencies and the private sector to create cost-effective solutions for improving citizen access to broadband-enabled services, including programs such as the Kentucky Education Network for development of educational applications, the Kentucky Health Insurance Partnership for combining the electronic resources of all Kentucky health insurers to improve patient care and lower costs for both patients and taxpayers, and deployment of wireless broadband access for competitive tourism development at Kentucky State Parks; and to level the playing field for children in the Commonwealth by distributing refurbished state and university computers to low-income students throughout the state; and

WHEREAS, the Kentucky Broadband Task Force reported that the ongoing work of ConnectKentucky was found to be of great value, and that the insight and recommendations of ConnectKentucky will continue to be important in considering future broadband deployment and adoption across the Commonwealth;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky, the Senate concurring therein:

HCR 139, A CONCURRENT RESOLUTION urging the Army Corps of engineers to increase the depth of Barren River Lake during the winter pool.

WHEREAS, Barren River Lake is lowered 27 feet each year, from 552 feet summer pool to 525 feet winter pool, and this very significant 27 foot drawdown reduces the lake's surface acreage by 56 percent and decreases its volume by 74 percent; and

WHEREAS, the safety of boaters is threatened by lowering water levels on Barren River Lake during the peak tourist season and thereafter; and

WHEREAS, boats and other watercraft and their occupants are imperiled by obstructions that are exposed when water levels are lowered during the tourist season and thereafter; and

WHEREAS, navigation on Barren River Lake can be vastly improved by retaining a higher lake level; and

WHEREAS, maintaining a higher lake level would boost the economic viability of the region surrounding the lake, by lengthening the tourist season; and

WHEREAS, fishing conditions on the lake would be improved by maintaining a higher lake level, thus promoting Kentucky's recreational tourism opportunities; and

WHEREAS, tourism promotional groups and others have long advocated such a policy;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky, the Senate concurring therein:

Section 1. The Army Corps of Engineers, Louisville District, is urged to maintain the Barren River Lake water level, insofar as may be permitted by safety, substantially above the 525 foot level and to thereby ensure that the lake depth at its deepest point is maintained at not less than ten feet.

Section 2. The Clerk of the House of Representatives is directed to submit one copy of this Resolution to the Commander, Army Corps of Engineers, Louisville District.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 213.076 is amended to read as follows:

(1) A certificate of death or a provisional certificate of death for each death which occurs in the Commonwealth shall be filed with the cabinet or as otherwise directed by the state registrar prior to final disposition, and it shall be registered if it has been completed and filed in accordance with this section. The funeral director, or person acting as such, who first takes custody of a dead body shall be responsible for filing the certificate of death. The funeral director, or person acting as such, shall obtain the required personal and statistical particulars from the person best qualified to supply them over the signature and address of the informant. The funeral director, or person acting as such, shall within five (5) days of the death, present the certificate to the attending physician, if any, or to the health officer or coroner as directed by the state registrar, for the medical certificate of the cause of death and other particulars necessary to complete the record as required by this chapter.

(a) It shall be unlawful for an institution to release a dead human body until the funeral director, or person acting as such, has completed and filed with the local registrar or person in charge of the institution, a provisional certificate of death. If death occurs outside an institution, the provisional certificate shall be filed with the local registrar by the funeral director, or person acting as such, prior to final disposition of the dead body. A copy of the provisional certificate of death signed by the person with whom it was filed, shall constitute authority for the possession, transportation, and, except for cremation, final disposition of the body.

(b) All persons having in their possession a completed provisional certificate of death shall file the certificate at not more than weekly intervals with the local registrar.

(c) If the place of death is unknown but the dead body is found in the Commonwealth, the certificate of death shall be completed and filed in accordance with this section. The place where the body is found shall be shown as the place of death. If the date of death is unknown, it shall be determined by approximation subject to amendment upon completion of any postmortem examination required to be performed.

(d) If death occurs in a moving conveyance in the United States and the body is first removed from the conveyance in the Commonwealth, the death shall be registered in Kentucky, and the place where it is first removed shall be considered the place of death. If a death occurs on a moving conveyance while in international waters or air space or in a foreign country or its air space, and the body is first removed from the conveyance in the Commonwealth, the death shall be registered in Kentucky, but the certificate shall show the actual place of death insofar as can be determined.

(2) If any certificate of death is incomplete or unsatisfactory, the state registrar shall call attention to the defects in the certificate and require the person responsible for the entry to complete or correct it. The state registrar may also require additional information about the circumstances and medical conditions surrounding a death in order to properly code and classify the underlying cause.

(3) The medical certification shall be completed, signed, and returned to the funeral director within five (5) working days after presentation to the physician, dentist, or chiropractor in charge of the patient's care for the illness or condition which resulted in death, except when inquiry is required by KRS 72.400 to 72.475. In such cases, and if the cause of death is unknown or under investigation, the cause of death shall be shown as such on the certificate. A supplemental report providing the medical information omitted from the original certificate shall be filed by the certifier with the state registrar within five (5) days after receiving results of the inquiry as required by KRS 72.400 to 72.475. The supplemental report shall be made a part of the existing death certificate. This report shall be considered an amendment, and the death certificate shall be marked "Amended." In the absence of the physician, dentist, or chiropractor, or with such person's approval, the certificate may be completed and signed by his associate physician, dentist, or chiropractor, or the chief medical officer of the institution in which death occurred, or the physician who performed an autopsy upon the decedent, or a physician employed by the local health department, if the individual has access to the medical history of the case and death is due to natural causes.

(4) If death occurs more than thirty-six (36) hours after the decedent was last treated or attended by a physician, dentist, or chiropractor, the case shall be referred to the coroner for investigation to determine and certify the cause of death. In the event that a coroner is not available to sign the certificate and there is no duly appointed deputy, the county judge/executive shall appoint a competent person to investigate the death and certify to its cause.

(5) (a) The physician, dentist, chiropractor, or coroner who certifies to the cause of death shall return the certificate to the funeral director, or person acting as such, who, in turn, shall file the certificate directly with the Vital Statistics Branch. Any certified copies of the record requested at the time of filing shall be issued in not more than two (2) working days.

(b) In the case of a death in which diabetes was an underlying cause or contributing condition, diabetes shall be listed in the appropriate location on the death certificate by the physician, dentist, chiropractor, or coroner who certifies to the cause of death.

(c) In the case of a death in which diabetes was an immediate, underlying, or contributing cause of or condition leading to death, the physician, dentist, chiropractor, or coroner who certifies to the cause of death shall check "yes" for each of the following questions on the death certificate:

1. "Did the deceased have diabetes?"; and

2. "Was diabetes an immediate, underlying, or contributing cause of or condition leading to death?".

(6) The Vital Statistics Branch shall provide self-addressed, color-coded envelopes for the funeral homes in the Commonwealth of Kentucky.

(7) Three (3) free ***certification***~~[verification]~~-of-death statements shall be provided to the funeral director by the Vital Statistics Branch for every death in the Commonwealth of Kentucky ***within two (2) working days.***

(a) If the funeral director does not receive the cerification-of-death statements within two (2) working days, the Vital Statistics Branch shall pay to the funeral director the amount of five hundred dollars ($500) for each day over the two (2) working days.

(b) Any official of the Vital Statistics Branch who does not carry out the duties of his or her office, including the timely provision of cerification-of-death statements, shall be guilty of first degree official misconduct pursuant to KRS 522.020.

(8) The body of any person whose death occurs in Kentucky shall not be interred, deposited in a vault or tomb, cremated, or otherwise disposed of, or removed from or into any registration district, until a provisional certificate of death has been filed with the local registrar of the registration district in which the death occurs. If the death occurred from a disease declared by the Cabinet for Health and Family Services to be infectious, contagious, or communicable and dangerous to the public health, no permit for the removal or other disposition of the body shall be granted by the registrar except under conditions prescribed by the Cabinet for Health and Family Services and the local health department. The Cabinet for Health and Family Services shall identify by regulation those communicable diseases which require blood and body fluid precautions. If a person who has been diagnosed as being infected with a communicable disease for which blood and body fluid precautions are required, dies within a health facility as defined in KRS 216B.015, the facility shall notify any embalmer or funeral director to whom the body will be transported of the need for such precautions. The notice shall be provided by including the statement "Blood and Body Fluid Precautions" on the provisional report-of-death form as prescribed by the Cabinet for Health and Family Services. Lack of this notice shall not relieve any embalmer or funeral director from taking universal blood and body fluid precautions as are recommended by the United States Department of Health and Human Services, Centers for Disease Control for Morticians' Services. No embalmer or funeral director shall charge more for embalming the remains of a person with a communicable disease which requires blood and body fluid precautions than the price for embalming services listed on the price list funeral providers are required to maintain and provide to consumers pursuant to 16 C.F.R. Sec. 453.2 (1988).

(9) A burial-transit permit for the final disposition issued under the law of another state which accompanies a dead body or fetus brought into the Commonwealth shall be the authority for final disposition of the body or fetus in the Commonwealth and may be accepted in lieu of a certificate of death. There shall be noted on the face of the record made for return to the local registrar that the body was shipped to Kentucky for interment and the actual place of death.

(10) Nothing in this section shall be construed to delay, beyond a reasonable time, the interment or other disposition of a body unless the services of the coroner or the health officer are required or the Department for Public Health deems it necessary for the protection of the public health. If compliance with this section would result in unreasonable delay in the disposition of the body the funeral director, or person acting as such, shall file with the local registrar or deputy registrar prior to interment a provisional certificate of death which shall contain the name, date, and place of death of the deceased, the name of the medical certifier, and an agreement to furnish within ten (10) days a complete and satisfactory certificate of death.

(11) No sexton or other person in charge of any place in which interment or other disposition of dead bodies is made shall inter or allow interment or other disposition of a dead body or fetus unless it is accompanied by a copy of the provisional certificate of death. The sexton, or if there is no sexton, the funeral director, or person acting as such, shall enter on the provisional certificate over his signature, the date, place, and manner of final disposition and file the certificate within five (5) days with the local registrar.

(12) Authorization for disinterment, transportation, and reinterment or other disposition shall be required prior to disinterment of any human remains. The authorization shall be issued by the state registrar upon proper application. The provisions of this subsection shall apply to all manners of disposition except cremation and without regard for the time and place of death. The provisions of KRS 381.765 shall not apply to remains removed for scientific study and the advancement of knowledge.

(13) After a death certificate has been on file for five (5) years, it may not be changed in any manner except upon order of a court. Prior to that time, requests for corrections, amendments, or additions shall be accompanied by prima facie evidence which supports the requested change.

The Committee Substitute to **HB 459** is as follows:

HB 459, AN ACT relating to certificates of death.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 213.041 is amended to read as follows:

(1) In order to promote and maintain nationwide uniformity in the system of vital statistics, the forms of certificates and reports required by this chapter, or by administrative regulations adopted hereunder, shall include, as a minimum, the items recommended by the federal agency responsible for national vital statistics.

(2) Each certificate, report, and other documents required by this chapter shall be on a form or in a format prescribed by the cabinet with due consideration for national uniformity. All certificates shall be typewritten with the exception of required signatures which shall be written legibly in unfading black ***or blue*** ink.

(3) No certificate shall be held to be complete and correct that does not supply all items of information called for therein or satisfactorily account for their omission, except as provided in KRS 199.570(3). If a certificate is incomplete, the local registrar shall immediately notify the responsible person and require that person to supply the missing items, if that information can be obtained.

(4) All vital records shall contain the data required for registration.

(5) No person shall charge or collect from any member of a family in which a birth or death occurs, any fee for completing and filing a report, or any other act or duty imposed upon them by this chapter.

Section 2. KRS 213.076 is amended to read as follows:

(1) A certificate of death or a provisional certificate of death for each death which occurs in the Commonwealth shall be filed with the cabinet or as otherwise directed by the state registrar prior to final disposition, and it shall be registered if it has been completed and filed in accordance with this section. The funeral director, or person acting as such, who first takes custody of a dead body shall be responsible for filing the certificate of death. The funeral director, or person acting as such, shall obtain the required personal and statistical particulars from the person best qualified to supply them over the signature and address of the informant. The funeral director, or person acting as such, shall within five (5) days of the death, present the certificate to the attending physician, if any, or to the health officer or coroner as directed by the state registrar, for the medical certificate of the cause of death and other particulars necessary to complete the record as required by this chapter.

(a) It shall be unlawful for an institution to release a dead human body until the funeral director, or person acting as such, has completed and filed with the local registrar or person in charge of the institution, a provisional certificate of death. If death occurs outside an institution, the provisional certificate shall be filed with the local registrar by the funeral director, or person acting as such, prior to final disposition of the dead body. A copy of the provisional certificate of death signed by the person with whom it was filed, shall constitute authority for the possession, transportation, and, except for cremation, final disposition of the body.

(b) All persons having in their possession a completed provisional certificate of death shall file the certificate at not more than weekly intervals with the local registrar.

(c) If the place of death is unknown but the dead body is found in the Commonwealth, the certificate of death shall be completed and filed in accordance with this section. The place where the body is found shall be shown as the place of death. If the date of death is unknown, it shall be determined by approximation subject to amendment upon completion of any postmortem examination required to be performed.

(d) If death occurs in a moving conveyance in the United States and the body is first removed from the conveyance in the Commonwealth, the death shall be registered in Kentucky, and the place where it is first removed shall be considered the place of death. If a death occurs on a moving conveyance while in international waters or air space or in a foreign country or its air space, and the body is first removed from the conveyance in the Commonwealth, the death shall be registered in Kentucky, but the certificate shall show the actual place of death insofar as can be determined.

(2) If any certificate of death is incomplete or unsatisfactory, the state registrar shall***:***

(a) Call attention to the defects in the certificate***;***

(b) Send the certificate to[~~and require~~] the ***funeral director, physician, dentist, chiropractor, or coroner***[~~person~~] responsible for the entry to complete or correct it***; and***

(c) Notify the entity who submitted the certificate that the certificate was returned to the funeral director, physician, dentist, chiropractor, or coroner responsible for the entry to complete or correct it.

The sending of the incomplete or unsatisfactory certificate to a funeral director for an entry which he or she is not responsible shall not satisfy the requirements of this subsection. The state registrar may also require additional information about the circumstances and medical conditions surrounding a death in order to properly code and classify the underlying cause.

(3) The medical certification shall be completed, signed, and returned to the funeral director within five (5) working days after presentation to the physician, dentist, or chiropractor in charge of the patient's care for the illness or condition which resulted in death, except when inquiry is required by KRS 72.400 to 72.475. In such cases, and if the cause of death is unknown or under investigation, the cause of death shall be shown as such on the certificate. A supplemental report providing the medical information omitted from the original certificate shall be filed by the certifier with the state registrar within five (5) days after receiving results of the inquiry as required by KRS 72.400 to 72.475. The supplemental report shall be made a part of the existing death certificate. This report shall be considered an amendment, and the death certificate shall be marked "Amended." In the absence of the physician, dentist, or chiropractor, or with such person's approval, the certificate may be completed and signed by his associate physician, dentist, or chiropractor, or the chief medical officer of the institution in which death occurred, or the physician who performed an autopsy upon the decedent, or a physician employed by the local health department, if the individual has access to the medical history of the case and death is due to natural causes.

(4) If death occurs more than thirty-six (36) hours after the decedent was last treated or attended by a physician, dentist, or chiropractor, the case shall be referred to the coroner for investigation to determine and certify the cause of death. In the event that a coroner is not available to sign the certificate and there is no duly appointed deputy, the county judge/executive shall appoint a competent person to investigate the death and certify to its cause.

(5) (a) The physician, dentist, chiropractor, or coroner who certifies to the cause of death shall return the certificate to the funeral director, or person acting as such, who, in turn, shall file the certificate directly with the Vital Statistics Branch. Any certified copies of the record requested at the time of filing shall be issued in not more than two (2) working days.

(b) In the case of a death in which diabetes was an underlying cause or contributing condition, diabetes shall be listed in the appropriate location on the death certificate by the physician, dentist, chiropractor, or coroner who certifies to the cause of death.

(c) In the case of a death in which diabetes was an immediate, underlying, or contributing cause of or condition leading to death, the physician, dentist, chiropractor, or coroner who certifies to the cause of death shall check "yes" for each of the following questions on the death certificate:

1. "Did the deceased have diabetes?"; and
2. "Was diabetes an immediate, underlying, or contributing cause of or condition leading to death?".

(6) The Vital Statistics Branch shall provide self-addressed, color-coded envelopes for the funeral homes in the Commonwealth of Kentucky.

(7) Three (3) free verification-of-death statements shall be provided to the funeral director by the Vital Statistics Branch for every death in the Commonwealth of Kentucky.

(8) The body of any person whose death occurs in Kentucky shall not be interred, deposited in a vault or tomb, cremated, or otherwise disposed of, or removed from or into any registration district, until a provisional certificate of death has been

filed with the local registrar of the registration district in which the death occurs. If the death occurred from a disease declared by the Cabinet for Health and Family Services to be infectious, contagious, or communicable and dangerous to the public health, no permit for the removal or other disposition of the body shall be granted by the registrar except under conditions prescribed by the Cabinet for Health and Family Services and the local health department. The Cabinet for Health and Family Services shall identify by regulation those communicable diseases which require blood and body fluid precautions. If a person who has been diagnosed as being infected with a communicable disease for which blood and body fluid precautions are required, dies within a health facility as defined in KRS 216B.015, the facility shall notify any embalmer or funeral director to whom the body will be transported of the need for such precautions. The notice shall be provided by including the statement "Blood and Body Fluid Precautions" on the provisional report-of-death form as prescribed by the Cabinet for Health and Family Services. Lack of this notice shall not relieve any embalmer or funeral director from taking universal blood and body fluid precautions as are recommended by the United States Department of Health and Human Services, Centers for Disease Control for Morticians' Services. No embalmer or funeral director shall charge more for embalming the remains of a person with a communicable disease which requires blood and body fluid precautions than the price for embalming services listed on the price list funeral providers are required to maintain and provide to consumers pursuant to 16 C.F.R. Sec. 453.2 (1988).

(9) A burial-transit permit for the final disposition issued under the law of another state which accompanies a dead body or fetus brought into the Commonwealth shall be the authority for final disposition of the body or fetus in the Commonwealth and may be accepted in lieu of a certificate of death. There shall be noted on the face of the record made for return to the local registrar that the body was shipped to Kentucky for interment and the actual place of death.

(10) Nothing in this section shall be construed to delay, beyond a reasonable time, the interment or other disposition of a body unless the services of the coroner or the health officer are required or the Department for Public Health deems it necessary for the protection of the public health. If compliance with this section would result in unreasonable delay in the disposition of the body the funeral director, or person acting as such, shall file with the local registrar or deputy registrar prior to interment a provisional certificate of death which shall contain the name, date, and place of death of the deceased, the name of the medical certifier, and an agreement to furnish within ten (10) days a complete and satisfactory certificate of death.

(11) No sexton or other person in charge of any place in which interment or other disposition of dead bodies is made shall inter or allow interment or other disposition of a dead body or fetus unless it is accompanied by a copy of the provisional certificate of death. The sexton, or if there is no sexton, the funeral director, or person acting as such, shall enter on the provisional certificate over his signature, the date, place, and manner of final disposition and file the certificate within five (5) days with the local registrar.

(12) Authorization for disinterment, transportation, and reinterment or other disposition shall be required prior to disinterment of any human remains. The authorization shall be issued by the state registrar upon proper application. The provisions of this subsection shall apply to all manners of disposition except cremation and without regard for the time and place of death. The provisions of KRS 381.765 shall not apply to remains removed for scientific study and the advancement of knowledge.

(13) After a death certificate has been on file for five (5) years, it may not be changed in any manner except upon order of a court. Prior to that time, requests for corrections, amendments, or additions shall be accompanied by prima facie evidence which supports the requested change.

Elimination Provision (WEP) was to protect the Social Security program and eliminate perceived abuses in the payment of dual benefits to certain beneficiaries; and

WHEREAS, the GPO and WEP have resulted in devastating, unintended consequences for hundreds of thousands of teachers and other public employees nationwide; and

WHEREAS, the GPO affects teachers and other public employees in Kentucky and other states who are participants in public retirement systems but who do not participate in the Social Security retirement program; and

WHEREAS, the WEP reduces the Social Security benefits of a teacher or other public employee who has participated and received earnings sufficient to qualify for Social Security retirement benefits as well as the benefits procured under the Kentucky Teachers' Retirement System or other public retirement system; and

WHEREAS, the GPO and WEP unfairly target public employees, especially our highly valued teachers who sacrifice lucrative earnings in the private sector to educate our children; and

The total credit for each donated easement may not exceed two million five hundred thousand dollars ($2,500,000).

(9) If the credit amount that may be claimed in any tax year exceeds the taxpayer's total tax liabilities under KRS 141.020 or 141.040, and KRS 141.0401, the taxpayer may carry the excess tax credit forward until all tax credit is claimed, provided that any tax credits not used within twenty (20) years of the donation shall be lost.

(10) Credits received under this section may be transferred or assigned, with or without consideration, along with any related benefits, rights, responsibilities, and liabilities, to any person, as defined in KRS 141.010. The provisions of this subsection shall apply to any credits that pass through to a taxpayer's successor or beneficiary. Within thirty (30) days of the date of any transfer of credits, the party transferring the credits shall notify the Department of Revenue of the following:

(a) The name, address, employer identification number, bank routing number, and transfer number of the party to which the credits are transferred;

(b) The amount of credits transferred; and

(c) Any additional information the Department of Revenue prescribes in an administrative regulation.

(11) The taxes imposed by KRS 141.020 or 141.040 shall apply to any consideration received for the transfer, sale, or assignment of a tax credit approved under this section, but shall not apply to the use of tax credits approved under this section.

(12) A landowner receiving a tax credit that includes wildlife-associated public access for fifteen (15) years or thirty (30) years may extend that tax credit as follows:

(a) A tax credit for fifteen (15) years of wildlife-associated public access may be extended to thirty (30) years of wildlife-associated public access, with the extended tax credit based on fifteen percent (15%) of the original appraisal submitted with the application as provided in subsection (3) of this section.

(b) A tax credit for fifteen (15) years of wildlife-associated public access may be extended to an unlimited duration of wildlife-associated public access, with the extended tax credit based on sixty percent (60%) of the original appraisal submitted with the application as provided in subsection (3) of this section.

(13) Any landowner receiving a tax credit that includes an agreement with the Department of Fish and Wildlife Resources for wildlife-associated public access wishing to terminate the agreement may do so after thirty (30) days' written notice. A landowner terminating the agreement for wildlife-associated public access shall be required to pay to the Department of Revenue the amount of the total tax credit that was received by any person during the agreement. The landowner terminating the agreement for wildlife-associated public access shall also be required to pay a termination penalty of twenty-five percent (25%) of the original value of the access to the Department of Fish and Wildlife Resources, for use in conservation and land acquisition purposes.

(14) Receiving tax credits under this section shall not be deemed as charging for access pursuant to KRS 411.190.

(16) Upon donation, the landowner shall maintain the conservation easement to comply with requirements for credit conservation purposes, as defined in Section 170(h) of the Internal Revenue Code. The holder of a donated conservation easement shall be responsible for the ongoing compliance monitoring of the easement, and shall submit by January 31 of each year an annual report to the Department of Fish and Wildlife Resources attesting to the easement's continued compliance with Section 170(h) of the Internal Revenue Code. The annual report shall be in a format prescribed by the Department of Fish and Wildlife Resources and promulgated in an administrative regulation. If the Department of Fish and Wildlife Resources is informed of any violation of the agreement for wildlife-associated public access or the requirements for credit conservation purposes, as defined in Section 170(h) of the Internal Revenue Code, the department shall investigate, and if the landowner is found to be in violation of the agreement, the department shall issue a notice of noncompliance to the landowner or easement holder, respectively, and shall notify the Department of Revenue that the conservation tax credit is no longer valid.

(17) If the taxpayer is a pass-through entity not subject to tax under KRS 141.040, the amount of approved credit shall be distributed to each partner, owner, or shareholder based on the partner's, owner's, or shareholder's distributive share of the income of the pass-through entity. Each pass-through entity shall notify the Department of Revenue electronically of all partners, owners, or shareholders who may claim any amount of the approved credit. Failure to provide information to the Department of Revenue in a manner prescribed by administrative regulation may constitute the forfeiture of available credits to all partners, owners, or shareholders associated with the pass-through entity.

(18) An action affecting a conservation easement shall be brought in Franklin Circuit Court and may be brought by:

(a) An owner of an interest in the real property burdened by the easement;

(b) A holder of the easement;

(c) A person having a third-party right of enforcement; or

(d) A person authorized by another law.

(20) The Department of Fish and Wildlife Resources shall promulgate administrative regulations under the provisions of KRS Chapter 13A to carry out the provisions of this section.

(21) Conservation credits granted under this section shall be allowable for tax periods beginning on or after January 1, 2008. Total conservation credits allowable under this section shall not exceed:

The Committee Substitute to **HB 354** is as follows:

HB 354, AN ACT relating to tax credits for conservation easements.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 141 IS CREATED TO READ AS FOLLOWS:

(1) As used in this section, unless the context requires otherwise:

(a) "Wildlife-associated public access" means access for public hunting, fishing, trapping, and other wildlife-related recreational uses that contribute to the management of natural habitat for fish, wildlife, plants, or ecosystems; and

(b) "Donated conservation easement" means a qualified conservation contribution of a qualified real property interest as defined in Section 170(h) of the Internal Revenue Code.

(2) There shall be allowed as a nonrefundable credit against the taxes imposed by KRS 141.020 or 141.040, and 141.0401, with the ordering of credits as prescribed in Section 2 of this Act, an amount equal to:

(a) Twenty-five percent (25%) of the fair market value of a donated conservation easement that includes an agreement with the Department of Fish and Wildlife Resources for wildlife-associated public access for five (5) years;

(b) Forty percent (40%) of the fair market value of a donated conservation easement that includes an agreement with the Department of Fish and Wildlife Resources for wildlife-associated public access for fifteen (15) years;

(c) Fifty-five percent (55%) of the fair market value of a donated conservation easement that includes an agreement with the Department of Fish and Wildlife Resources for wildlife-associated public access for thirty (30) years; or

(d) One hundred percent (100%) of the fair market value of a donated conservation easement that includes an agreement with the Department of Fish and Wildlife Resources for wildlife-associated public access for an unlimited duration.

(3) The Department of Fish and Wildlife Resources shall accept applications for tax credits under this section beginning September 1, 2007, for the 2008 calendar year, and beginning January 1 each year thereafter for subsequent calendar years. A taxpayer shall submit an application for the tax credit provided under this section to the Department of Fish and Wildlife Resources by no later than December 31 of each year, and shall identify the fair market value of the donated conservation easement.

(a) The application required by this section shall include an appraisal, which shall determine the fair market value of the donated conservation easement and be competed at the donor's expense. The appraisal shall be completed and signed by a real estate appraiser who is certified under KRS Chapter 324A and is approved as a prequalified fee appraiser by the Kentucky Transportation Cabinet. Any reviews of appraisals shall be completed in accordance with administrative regulations promulgated under this section.

(b) If an appraiser fraudulently overstates the value of the contributed property in an appraisal attested to and

signed by the appraiser, the Department of Fish and Wildlife Resources may disallow further appraisals signed by the appraiser and shall refer the appraiser to the Real Estate Appraisers Board for appropriate disciplinary action pursuant to KRS Chapter 324A and to the Internal Revenue Service.

(c) Any contributed property that has been fraudulently overvalued shall be immediately appraised a second time by an appraiser selected by the Department of Fish and Wildlife Resources. The difference between the monetary value of the tax credit taken by the donor based on the overvalued property and the monetary value of the tax credit allowed based on the value assigned by the appraiser selected by the Department of Fish and Wildlife Resources shall be deemed an over-credit. The full value of any over-credit shall be counted against the donor's tax credit in the next tax year and shall count towards the maximum credit amount provided in subsection (9) of this section.

(d) If the tax credits deemed an over-credit have been transferred according to subsection (11) of this section, the donor of the conservation easement shall be liable for treble the full value of the over-credit to the Department of Fish and Wildlife Resources, for use in conservation and land acquisition purposes.

(4) The Department of Fish and Wildlife Resources shall promulgate administrative regulations as needed to:

(a) Establish the method for appraising a property being considered for a conservation easement, and the manner in which the Department of Fish and Wildlife Resources gathers and records the full value of tax credits taken by donors under this chapter;

(b) Establish the parameters and criteria for conservation easements. The criteria set forth in this administrative regulation shall include, but not be limited to, the following:

1. The method for determining that the donated conservation easement meets the provisions of Section 170 (h) of the Internal Revenue Code;

2. The required acreage for a donated easement;

3. The duration of wildlife-associated public access to the donated easement;

4. The easement's compatibility with hunting, fishing, and other wildlife-related recreation; and

5. The preservation of unique or species-critical habitats;

Priority shall be given to easements that preserve land not currently managed by or donated to the Department of Fish and Wildlife Resources; and.

(c) Accomplish any other provisions of this section.

(5) A property that meets any of the following conditions shall not be eligible for the tax credit provided under this section:

(a) The property donated is contiguous to a golf course and the donor has a financial interest in the golf course;

(b) A request for a conservation easement is part of a local, state, or federal regulatory requirement;

(c) The landowner holds, for less than two (2) years, the property to which the conservation easement would apply;

(d) The appraisal is based on preferential zoning or future real estate development; or

(e) Land with disputed boundaries until the dispute is legally resolved.

(6) Applications received pursuant to this section shall be under the control of the commissioner of the Department of Fish and Wildlife Resources, who shall ensure applications are complete, remove all donor-identifying information, and forward the applications to the Conservation Credit Review and Approval Committee, hereby established by this section and consisting of the following Department of Fish and Wildlife Resources personnel:

(a) Director of the Division of Wildlife;

(b) Director of the Division of Fisheries;

(c) Deputy commissioner;

(d) Land acquisition officer; and

(e) Department attorney.

(7) The Conservation Credit Review and Approval Committee shall:

(a) Determine the amount of available tax credit as prescribed in this section, depending on the level of wildlife-associated public access and the fair market value of the donated conservation easement;

(b) Evaluate and approve applications based on qualifications for a donated conservation easement and the criteria set forth in this chapter and administrative regulation; and

(c) Report to the commissioner of the Department of Fish and Wildlife Resources the applications approved for a conservation tax credit.

(8) The commissioner of the Department of Fish and Wildlife Resources shall:

(a) Notify the taxpayer by no later than the fifteenth day of March of the amount of any approved credit; and

(b) Notify the Department of Revenue by no later than the fifteenth day of March of the name and address of each taxpayer approved for credit, the amount of approved credit, and the Social Security number or federal

employer identification number of the taxpayer.

(9) The amount of credit approved by the Conservation Credit Approval and Review Committee, in accordance with this section, shall be limited to a maximum of two million five hundred thousand dollars ($2,500,000) per donated conservation easement. A maximum of two hundred fifty thousand dollars ($250,000) may be taken by each taxpayer in each taxable year, except that in the case of spouses filing separate returns or filing separately on a combined return, the credit may either be taken entirely by one (1) spouse or may be divided equally, with the combined credit not exceeding two hundred fifty thousand dollars ($250,000) per taxable year.

(10) If the credit amount that may be taken in any tax year exceeds the taxpayer's total tax liabilities under KRS 141.020 or 141.040, and 141.0401, with the ordering of credits as prescribed in Section 2 of this Act, the taxpayer may carry the excess tax credit forward until all tax credit is taken, provided that any tax credit not taken within twenty (20) years of approval of the tax credit shall be lost.

(11) Credits approved under this section may be transferred or assigned, with or without consideration, along with any related benefits, rights, responsibilities, and liabilities, to any person. The provisions of this subsection shall apply to any credits that pass through to a taxpayer's successor or beneficiary. Within thirty (30) days of the date of any transfer of credits, the party transferring the credits shall notify the Department of Revenue and the Department of Fish and Wildlife Resources of the following:

(a) The name, address, employer identification number, bank routing number, and transfer number of the party to which the credits are transferred;

(b) The amount of credits transferred; and

(c) Any additional information the Department of Revenue prescribes in an administrative regulation.

(12) The taxes imposed by KRS 141.020 or 141.040, and 141.0401 shall apply to any consideration received for the transfer, sale, or assignment of a tax credit approved under this section, but shall not apply to the use of tax credits approved under this section.

(13) A landowner receiving a tax credit that includes wildlife-associated public access may apply to extend the term of public access as follows:

(a) A tax credit for fifteen (15) years of wildlife-associated public access may be extended to thirty (30) years of wildlife-associated public access, with the extended tax credit based on fifteen percent (15%) of the fair market value of the conservation easement as valued when the conservation easement was donated;

(b) A tax credit for fifteen (15) years of wildlife-associated public access may be extended to an unlimited duration of wildlife-associated public access, with the extended tax credit based on sixty percent (60%) of the fair market value of the conservation easement as valued when the conservation easement was donated; and

(c) A tax credit for thirty (30) years of wildlife-associated public access may be extended to an unlimited duration of wildlife-associated public access, with the extended tax credit based on forty-five percent (45%) of the fair market value of the conservation easement as valued when the conservation easement was donated.

Wildlife-associated public access extensions under this subsection must be approved by the Conservation Credit Review and Approval Committee. All tax credits approved under this subsection shall be included in determining the limits contained in subsection (21) of this section for the calendar year in which the application for extension is filed, and shall be subject to the limits established by subsection (9) of this section. Extended tax credits under this subsection may be carried forward in accordance with subsection (10) of this section counting from the date on which the extension was approved.

(14) Any owner of a property subject to an agreement with the Department of Fish and Wildlife Resources for wildlife-associated public access wishing to terminate the agreement may do so after thirty (30) days' written notice. The property owner terminating the agreement for wildlife-associated public access shall be required to pay a termination penalty to the Department of Fish and Wildlife Resources as follows:

(a) A property owner terminating a fifteen (15) year wildlife-associated public access agreement shall be required to pay fifteen percent (15%) of the fair market value of the donated conservation easement as valued when the conservation easement was donated;

(b) A property owner terminating a thirty (30) year wildlife-associated public access agreement shall be required to pay thirty percent (30%) of the fair market value of the donated conservation easement as valued when the conservation easement was donated; or

(c) A property owner terminating an unlimited duration wildlife-associated public access agreement shall be required to pay seventy-five (75%) of the fair market value of the donated conservation easement as valued when the conservation easement was donated.

(15) Receiving tax credits under this section shall not be deemed as charging for access pursuant to KRS 411.190.

(16) A landowner receiving a tax credit for a donated conservation easement, which includes wildlife-associated public access, shall have the same liability protections as in KRS 150.645 and 411.190 for landowners who consent to

hunting, fishing, trapping, camping, or hiking on premises at no charge.

(17) Upon donation, the landowner shall maintain the donated conservation easement to comply with the provisions of Section 170(h) of the Internal Revenue Code. The holder of a donated conservation easement shall be responsible for the ongoing compliance monitoring of the easement, and shall submit by January 31 of each year, an annual report to the Department of Fish and Wildlife Resources, attesting to the easement's continued compliance with Section 170(h) of the Internal Revenue Code. The annual report shall be in a format prescribed by the Department of Fish and Wildlife Resources and promulgated in administrative regulations. If the Department of Fish and Wildlife Resources is informed of any violation of the agreement for wildlife-associated public access or the requirements for a donated conservation easement, the Department of Fish and Wildlife Resources shall investigate and shall determine if the agreement has been violated. If the Department of Fish and Wildlife Resources determines that the agreement has been violated, the department shall provide thirty (30) days for the landowner to respond to a request to remedy the violation. If the violation is not corrected to the satisfaction of the Department of Fish and Wildlife Resources, a notice of noncompliance shall be issued to the landowner or easement holder, respectively, and the Department of Revenue shall be notified that the conservation tax credit is no longer valid for each taxable year that ends subsequent to the date the Department of Revenue is notified.

(18) A taxpayer that is a pass-through entity as defined in KRS 141.010 shall distribute the amount of approved credit to each partner, owner, or shareholder based on the partner's, owner's, or shareholder's distributive share of the income of the pass-through entity. Each pass-through entity shall notify the Department of Revenue electronically of all partners, owners, or shareholders who may claim any amount of the approved credit. Failure to provide information to the Department of Revenue in a manner prescribed by regulation may constitute the forfeiture of available credits to all partners, owners, or shareholders associated with the pass-through entity.

(19) An action affecting a conservation easement shall be brought in Franklin Circuit Court and may be brought by:

(a) An owner of an interest in the real property burdened by the easement;

(b) A holder of the easement;

(c) A person having a third-party right of enforcement; or

(d) A person authorized by another law.

(20) By July 1 of each year, the Department of Fish and Wildlife Resources shall report to the Department of Revenue and the Legislative Research Commission, the number, acreage, and dollar amount of conservation easements and corresponding tax credits approved for the preceding taxable year under this section.

(21) Credits approved under this section shall be allowable for taxable years beginning on or after January 1, 2008, and shall only be allowed to the extent approved by the General Assembly in the executive branch budget bill in effect for the current biennium. (14) Projects involving funds provided for in KRS 42.4592(1)(a) or (b) whose funding is specifically authorized in an executive branch budget bill enacted into law shall be deemed approved and not subject to the application process provided in this section. These projects shall, however, be subject to a memorandum of agreement between the grantee and the Department for Local Government regarding all other legal requirements for the disbursement and accounting of funds.

Section 2. Section 1 of this Act shall apply to projects beginning with those authorized in the 2006-2008 biennial budget.

SECTION 2. A NEW SECTION OF SUBCHAPTER 25 OF KRS CHAPTER 154 IS CREATED TO READ AS FOLLOWS:

(1) The criteria for approval of eligible companies and jobs retention projects shall include but not be limited to:

(a) The need for the project as indicated by the impact of the existing facility upon the local community and the economic and employment impact that the loss of the facility would have;

(b) The new capital investment in its facilities and the likelihood that the capital investment will increase potential for sustainability of its workforce and facilities in the future; and

(c) The retention or creation of employment at the facility where the jobs retention project will occur as well as any other facilities owned by the approved company in the Commonwealth.

(2) With respect to each eligible company making an application to the authority for inducements, and with respect to the economic development project described in the application, the authority shall request materials and make inquiries of the applicant as necessary or appropriate. Upon review of the application and completion of initial inquiries, the authority may, by resolution, give its preliminary approval by designating an eligible company as a preliminarily approved company and authorizing the undertaking of the jobs retention project. The authority and the preliminarily approved company shall enter into a memorandum of agreement that sets forth the conditions necessary for the company to obtain final approval of the project. Upon satisfaction of the conditions set forth in the memorandum of agreement, the authority may, by resolution, designate the preliminarily approved company to be an approved company and authorize the execution of a jobs retention agreement.

SECTION 3. A NEW SECTION OF SUBCHAPTER 25 OF KRS CHAPTER 154 IS CREATED TO READ AS FOLLOWS:

(1) The authority, upon adoption of its final approval, may enter into, with any approved company, an agreement with respect to the jobs retention project. The terms and provisions of each agreement, including the amount of approved costs, the amount of the inducement, the job maintenance requirement and any limitations the authority may deem necessary, shall be determined by negotiations between the authority and the approved company, except that each agreement shall include the following provisions:

(a) The amount the approved company may recover through inducements under this subchapter for the initial project, which shall be a negotiated percentage not to exceed fifty percent (50%) of approved costs. However, the authority may negotiate an increase in the percentage such that both the initial project and the supplemental project are eligible for seventy-five percent (75%) of approved costs upon approval of a supplemental project. The adjustment to the initial project shall be made on the total approved costs and any credits taken prior to the supplemental project shall then be subtracted from that increased amount of approved costs. Neither the initial project or the supplemental project shall ever be eligible for inducements greater than seventy-five percent (75%) of the approved costs. The authority shall negotiate a maximum allowable inducement for each year of the agreement and the approved company may not recover inducements above that maximum in any year during the term of the agreement, except that the annual maximum allowable inducement may be exceeded if a carry-forward of unused inducements from previous years exists. Any carry-forward of unused inducements will lapse upon maturity or termination of the agreement;

(b) A provision that sets the activation date for the initial project within three (3) years of the final approval. Prior to the activation date, the authority may extend the time for the completion of the jobs retention project and compliance with the required investment upon request of the approved company for good cause; however, the ten (10) year period for the term of the agreement shall begin from the activation date. No inducements from the jobs retention project shall be available, other than the transferred credits provided for under Section (3) of this Act, until activation. Upon activation, the balance of transferred credits shall expire;

(c) A provision that states that within three (3) months of the completion of the jobs retention project, the approved company shall document the actual cost of the project in a manner acceptable to the authority. The authority may employ an independent consultant or utilize technical resources to verify the cost of the project. The approved company shall reimburse the authority for the cost of the consultant;

(d) A provision that establishes a minimum required number of full-time jobs that must be maintained at the site of the jobs retention project and filled with residents of the Commonwealth subject to Kentucky income tax and states that the authorized inducements may be suspended at the discretion of the authority from the date of noncompliance until the date compliance is reestablished if the approved company's employment falls below the established minimum employment requirement. If the company does not increase the number of full-time employees at the site who are residents of the Commonwealth and subject to Kentucky income tax sufficiently to meet the minimum employment requirement within one (1) year from the date of the initial suspension, the remaining unused inducements may be terminated at the discretion of the authority;

(e) A provision that gives the authority discretion to suspend or terminate the authorized inducements for any failure to comply with the terms of the agreement; and

(f) A provision that provides the term shall not be longer than the earlier of:

1. The date on which the approved company has received inducements or withheld assessments equal to *the amount that the company may recover under paragraph (a) of this subsection; or*

2. Ten (10) years from the activation date.

However, the term may be extended to a period longer than ten (10) years upon the addition of a supplemental project as negotiated and approved by the authority.

(2) In consideration of the execution of the agreement, during the time the agreement is in effect, which time shall commence on the date of the agreement, the approved company may be permitted the following inducements:

(a) Beginning on the effective date of the jobs retention agreement, which shall also be the date of final approval, if the approved company has a balance of unused approved costs on a previously existing and active incentive agreement approved by the authority pursuant to Subchapter 24 or 28 of KRS Chapter 154, the approved company may impose wage assessments on employees whose jobs are at the facility where the project defined in the previously existing incentive agreement was located. The wage assessments may be imposed as provided in Section 4 of this Act, and shall be available in an amount up to the balance of transferred credits from the previously existing project.

1. The transferred credits shall only be available to the approved company until the activation date, the term from the original incentive agreement expires, or the balance of transferred credits is exhausted, whichever occurs first; and

2. Should the approved company exercise this option, the incentive agreement from which the credits were transferred shall be terminated upon transfer and all parties shall be released from their obligations thereunder.

(b) After the activation date:

1. A one hundred percent (100%) credit against the taxes imposed by KRS 141.020, 141.040, and 141.0401 that would otherwise be owed by the approved company, in the approved company's taxable year, as determined under Section 6 of this Act, on the taxable income, Kentucky gross receipts, or Kentucky gross profits of the approved company generated by or arising from the jobs retention project. The ordering of credits shall be as provided in KRS 141.0205;

2. The aggregate assessment withheld by the approved company as provided in Section 4 of this Act in each year after the activation date.

(c) The tax credits allowed to the approved company shall be equal to the lesser of the total amount of the tax liability or the amount that the company may recover under subsection (1)(a) of this section that has not yet been recovered, reduced by any recovery through the collection of assessments subject to the annual maximum inducements authorized pursuant to subsection (1)(a) of this section. The credit shall be allowed for each taxable year of the approved company during the term of the agreement and for which a tax return of the approved company is filed until the amount that the company may recover under subsection(1)(a) of this section has been received through a combination of credits and assessments, if the company elects to impose assessments. The approved company shall not be required to pay estimated tax payments as prescribed under KRS 141.044 or 141.305 on income, Kentucky gross profits, or Kentucky gross receipts from the jobs retention project. One hundred eighty (180) days after the filing of the tax return of the approved company, the Department of Revenue shall certify to the authority the state tax liability for the preceding taxable year of the approved company and the amount of any tax credits taken pursuant to this section.

(d) Prior to execution of the agreement, the eligible company shall secure from all local governmental authorities responsible for collecting local occupational license fees a resolution or order of the local governmental entities acknowledging and consenting to the termination or partial termination of the receipt of local occupational license fees on wages subject to the agreement paid by the approved company on behalf of its employees to the local government entities.

(e) If more than one (1) local occupational license fee is imposed upon the employees of the approved company, the assessment imposed upon the employees shall be credited against the local occupational license fee and shall be apportioned to each local occupational license fee according to each local occupational license fee's proportion to the total of all local occupational license fees for such employees. No credit or portion thereof shall be allowed against any local occupational license fee imposed by or dedicated solely to a local board of education.

(f) If in any taxable year of the approved company during which the agreement is in effect the assessment collected from the wages of the employees exceeds the expended portion of the amount that the approved company may recover under paragraph (a) of this subsection, or exceeds the annual maximum negotiated by the authority, the assessment collected from the wages of the employees shall cease for the remainder of that taxable year of the approved company. The approved company shall resume normal personal income tax and occupational license fee withholdings from the employees' wages for the remainder of that taxable year, and the approved company shall remit to the Commonwealth and applicable local jurisdictions their respective shares of the excess assessment collected on the withholding filing date for employees' wages next succeeding the first date when the approved company collected excess assessments.

(3) The jobs retention agreement and inducements available pursuant thereto shall not be transferable or assignable by

the approved company without the expressed written consent of the authority.

SECTION 4. A NEW SECTION OF SUBCHAPTER 25 OF KRS CHAPTER 154 IS CREATED TO READ AS FOLLOWS:

(1) The approved company may require that each employee subject to the income tax imposed by KRS 141.020, whose job was preserved or created as a result of the project, as a condition of employment or the retention of employment, agree to pay an assessment, not to exceed five percent (5%) of the gross wages of each employee subject to the income tax imposed by KRS 141.020 unless:

- ***(a) The local government or governments in which the project is located have a local occupational license fee of less than one percent (1%) and agree to forgo all of their local occupational license fee, in which case the assessment shall equal four percent (4%) plus the percentage of the local occupational license fee;***
- ***(b) The local government or governments in which the project is located have a local occupational license fee of less than one percent (1%) and agree to forego a portion of their local occupational license fee, in which case the assessment shall equal the percentage that the local government or governments agree to forego plus a percentage that is four times the percentage the local government or governments agree to forego;***
- ***(c) The local government or governments in which the project is located have a local occupational license fee equal to or greater than one percent (1%) and the local government or governments agree to forego an amount less than one percent (1%) in which case the assessment shall equal the percentage that the local government or governments agree to forego plus a percentage that is four times the percentage the local government or governments agree to forego; or***
- ***(d) The local government or governments in which the project is located have no local occupational license fee, in which case the assessment shall equal four percent (4%).***

(2) Each assessed employee shall be entitled to a credit against the Kentucky income tax required to be withheld under KRS 141.310 in the form of a simultaneous adjustment equal to four-fifths (4/5) of the assessment, unless:

- ***(a) The assessment is calculated under subsection (1)(a) of this section, in which case the credit shall be equal to the total assessment less the occupational license fee; or***
- ***(b) The assessment is calculated under subsection (1)(d) of this section, in which case the credit shall be equal to one hundred percent (100%) of the assessment.***

(3) Each employee assessed under subsection (1) of this section also shall be entitled to a credit against the local occupational license fee in the form of a simultaneous adjustment of the local occupational license fee withholding equal to one-fifth (1/5) of the assessment, unless the wage assessment is calculated under subsection (1)(a), in which case the credit shall equal the same amount as the local occupational license fee.

(4) If an approved company elects to impose the assessment as a condition of employment or the retention of employment, the approved company shall deduct the assessment from each paycheck of each employee subject to the provisions of subsections (2) and (3) of this section.

(5) Any approved company collecting an assessment shall make its payroll books and records available to the authority at such reasonable times as the authority shall request and shall file with the authority the documentation respecting the assessment the authority may require.

(6) Any assessment of the wages of the employees of an approved company shall permanently lapse upon expiration or termination of the agreement unless the agreement has been amended to extend the termination as a result of a supplemental project.

(7) By October 1 of each year, the Department of Revenue shall certify to the authority, in the form of an annual report, aggregate tax credits claimed on tax returns filed during the taxable year ending June 30 of that year and wage assessment fees taken during the prior calendar year by approved companies with respect to their jobs retention projects under this subchapter, and shall certify to the authority, within one hundred eighty (180) days from the date an approved company has filed its state tax return, when an approved company has taken tax credits equal to its total inducements.

SECTION 5. A NEW SECTION OF SUBCHAPTER 25 OF KRS CHAPTER 154 IS CREATED TO READ AS FOLLOWS:

(1) If an approved company makes an additional investment in the form of a second jobs retention project within the jurisdiction of the same consolidated local government containing a city of the first class during the term of the initial jobs retention project, the approved company may apply for, and the authority may approve, a supplemental project.

(2) The authority, upon adoption of its final approval of a supplemental project, may enter into, with any approved company, an amended agreement with respect to both the initial jobs retention project and the supplemental project which shall jointly make up its project. The terms and provisions of each amended agreement, including the amount of approved costs, the amount of the tax credit pursuant to Section 3 of this Act, the job maintenance requirement established by the agreement, and any limitations the authority may deem necessary, shall be determined by negotiations between the authority and the approved company, except that each agreement shall include the following provisions:

(a) Upon approval of a supplemental project, the amount the approved company may recover through inducements for both projects shall be a negotiated percentage not to exceed seventy-five percent (75%) of the balance of approved costs from the initial project and all newly incurred approved costs from the supplemental project, subject to the annual maximum negotiated and approved by the authority. At the time the supplemental project is approved, the recoverable amount and the annual maximum inducement on the initial jobs retention project may also be increased at the discretion of the authority pursuant to Section 3 of this Act.

(b) The activation date for the supplemental project shall be no more than three (3) years from final approval of the supplemental project. Prior to the activation date the authority may extend the time for the completion of the jobs retention project and compliance with the required investment upon request of the approved company for good cause; however, the ten (10) year period for the term of the agreement shall begin from the activation date. Within three (3) months of the completion date for the supplemental project, the approved company shall document the actual cost of the project in a manner acceptable to the authority. The authority may employ an independent consultant to verify the cost of the supplemental project subject to reimbursement for the cost of same from the approved company.

(c) In consideration of the execution of the amended agreement, on the date stated in the agreement, the approved company may be permitted during the term of the amended agreement to take the inducements set forth in Sections 3(2)(b) and 3(2)(c) of this Act, subject to the remaining terms of that section.

SECTION 6. A NEW SECTION OF KRS CHAPTER 141 IS CREATED TO READ AS FOLLOWS:

(1) As used in this section, unless the context requires otherwise:

(a) "Approved company" shall have the same meaning as set forth in Section 1 of this Act;

(b) "Jobs retention project" shall have the same meaning as set forth in Section 1 of this Act;

(c) "Kentucky gross receipts" means Kentucky gross receipts as defined in KRS 141.0401;

(d) "Kentucky gross profits" means Kentucky gross profits as defined in KRS 141.0401; and

(e) "Tax credit" means the tax credit allowed in Section 3 of this Act.

(2) An approved company shall determine the income tax credit as provided in this section.

(3) An approved company which is an individual sole proprietorship subject to tax under KRS 141.020 or a corporation or pass-through entity treated as a corporation for federal income tax purposes subject to tax under KRS 141.040(1) shall:

(a) 1. Compute the tax due at the applicable tax rates as provided by KRS 141.020 or 141.040 on net income as defined by KRS 141.010(11) or taxable net income as defined by KRS 141.010(14), including income from the jobs retention project;

2. Compute the limited liability entity tax imposed under KRS 141.0401, including Kentucky gross profits or Kentucky gross receipts from the jobs retention project; and

3. Add the amounts computed under subparagraphs 1. and 2. of this paragraph and, if applicable, subtract the credit permitted by KRS 141.0401(3) from that sum. The resulting amount shall be the net tax for purposes of this paragraph.

(b) 1. Compute the tax due at the applicable tax rates as provided by KRS 141.020 or 141.040 on net income as defined by KRS 141.010(11) or taxable net income as defined by KRS 141.010(14), excluding net income attributable to the jobs retention project;

2. Using the same method used under subparagraph 2. of paragraph (a) of this subsection, compute the limited liability entity tax imposed under KRS 141.0401, excluding Kentucky gross profits or Kentucky gross receipts from the jobs retention project; and

3. Add the amounts computed under subparagraphs 1. and 2. of this paragraph and, if applicable, subtract the credit permitted by KRS 141.0401(3) from that sum. The resulting amount shall be the net tax for purposes of this paragraph.

(c) The tax credit shall be the amount by which the net tax computed under paragraph (a)3. of this subsection exceeds the tax computed under paragraph (b)3. of this subsection; however, the credit shall not exceed the limits set forth in Section 3 of this Act.

(4) (a) Notwithstanding any other provisions of this chapter, an approved company which is a pass-through entity not subject to the tax imposed by KRS 141.040 or trust not subject to the tax imposed by KRS 141.040 shall be subject to income tax on the net income attributable to a jobs retention project at the rates provided in KRS 141.020(2).

(b) The amount of the tax credit shall be determined as provided in subsection (3) of this section. Upon the annual election of the approved company, in lieu of the tax credit, an amount shall be applied as an estimated tax payment equal to the tax computed in this section. Any estimated tax payment made pursuant to this paragraph shall be in satisfaction of the tax liability of the partners, members, shareholders, or beneficiaries of the pass-through entity or trust, and shall be paid on behalf of the partners, members, shareholders, or beneficiaries.

(c) The tax credit or estimated payment shall not exceed the limits set forth in Section 3 of this Act.

(d) If the tax computed in this section exceeds the tax credit, the difference shall be paid by the pass-through entity or trust at the times provided by KRS 141.160 for filing the returns.

(e) Any estimated tax payment made by the pass-through entity or trust in satisfaction of the tax liability of partners, members, shareholders, or beneficiaries shall not be treated as taxable income subject to Kentucky income tax by the partner, member, shareholder, or beneficiary.

(5) Notwithstanding any other provisions of this chapter, the net income subject to tax, the tax credit, and the estimated tax payment determined under subsection (4) of this section shall be excluded in determining each partner's, member's, shareholder's, or beneficiary's distributive share of net income or credit of a pass-through entity or trust.

(6) (a) Net income attributable to the project for the purposes of subsections (3), (4), and (5) of this section shall be determined under the separate accounting method reflecting only the gross income, deductions, expenses, gains, and losses allowed under KRS Chapter 141 directly attributable to the facility and overhead expenses apportioned to the facility; and

(b) Kentucky gross receipts or Kentucky gross profits attributable to the project for purposes of subsection (3) of this section shall be determined under the separate accounting method reflecting only the Kentucky gross receipts or Kentucky gross profits directly attributable to the facility.

(7) If an approved company can show to the satisfaction of the Department of Revenue that the nature of the operations and activities of the approved company are such that it is not practical to use the separate accounting method to determine the net income, Kentucky gross receipts, or Kentucky gross profits from the facility at which the jobs retention project is located, the approved company shall determine net income, Kentucky gross receipts, or Kentucky gross profits from the jobs retention project using an alternative method approved by the Department of Revenue.

(8) The Department of Revenue may promulgate administrative regulations and require the filing of forms designed by the Department of Revenue to reflect the intent of this Act and the allowable income tax credit which an approved company may retain under this Act.

Section 7. KRS 141.0205 is amended to read as follows:

WHEREAS, many states are currently reviewing the authority, duty, and independence of ombudsman offices addressing child welfare issues, including California and Virginia; and

WHEREAS, it is the duty of the General Assembly to ensure the protection of children and the promotion of strong families in the Commonwealth;

WHEREAS, there is a lack of resources available for individuals with ASD, including adequate funding for critical services, appropriate diagnostic tools for very young children, early intervention systems, crisis intervention, continuum of services through the adult years, and professional training of educators and service providers; and

WHEREAS, the Kentucky Commission on Autism Spectrum Disorders, established by the Kentucky General Assembly in 2005 House Bill 296, was charged with developing and monitoring the implementation of a comprehensive state plan and making recommendations regarding legislation, administrative regulations, and policies to the Governor and the General Assembly; and

NOW, THEREFORE,

Be it resolved by the General Assembly of the Commonwealth of Kentucky:

A person desiring to conduct an excavation of an archaeological site on private property shall apply for a permit by filing a written plan with the council for its approval.

(2) The council shall issue a permit to excavate at the archaeological site if the council determines that the plan will:

(a) Be done in a manner consistent with professional archaeological practice; and

(b) Be conducted under the supervision of a professional archaeologist.

(3) The council may place reasonable restrictions upon any activities undertaken under the permit. The restrictions shall be in writing and shall be presented to the person making application at the time the permit is issued.

(4) An application for a permit shall be approved or denied within thirty (30) days of the council's receipt of the application. The council shall provide a written explanation to any person whose application for a permit is denied.

(5) All activity conducted on the site shall conform to the permit and any restrictions placed thereon. Any modifications to the plan shall be submitted in writing for the council's approval, and a copy of the permit shall be maintained on the site during the course of the excavation.

(6) A person aggrieved by a decision of the council may appeal the decision to the Circuit Court of the county in which the archaeological site is located. The council shall be a necessary party to any appeal.

(7) Any person who violates subsection (1) of this section shall be guilty of a Class A misdemeanor for the first offense and a Class D felony for each subsequent offense. In addition to any other penalty imposed, all tools, implements, or other items used in the disinterment and the vehicles used for transporting human remains or burial objects, shall be seized and, upon the defendant's conviction, forfeited to the Commonwealth to be sold at public auction. The proceeds from the sale of all forfeitures shall go to the council for the purpose of administering Sections 1 to 6 of this Act. Additionally, any person found guilty of violating subsection (1) of this section shall reimburse the landowner for the cost of restoring and repairing any damage done to the land or to the site.

(8) This section shall not apply to:

(b) Archaeological investigations and data recovery projects conducted under Section 1065 of the Federal National Historic Preservation Act of 1966, 16 U.S.C. sec. 470f and its implementing regulations, 36 C.F.R. Part 800, as amended; and

(c) Surface collecting and archaeological surveys.

(9) The council shall promulgate administrative regulations establishing a process by which applications shall be made and considered under subsections (1) to (5) of this section. The regulations at a minimum shall address:

(a) The conditions by which a plan shall be deemed consistent with professional archaeological practice;

(b) The conditions to be met to satisfy the supervision requirement set out in paragraph (2)(b) of this section; and

(c) The circumstances warranting the imposition of reasonable restrictions under subsection (3) of this section.

SECTION 3. A NEW SECTION OF KRS CHAPTER 171 IS CREATED TO READ AS FOLLOWS:

(1) Descendants and family members of deceased persons buried in cemeteries or graves located on privately owned lands in the Commonwealth shall have a right of ingress to and egress from the location of the burial. This right is conditioned upon the following:

(a) Reasonable notice of no less than three (3) days shall be given by the descendants and family members to the owner and the occupant, if different, of their intention to access the land where the deceased person is buried;

(b) In the case of unmarked graves or burial sites, descendants or family members shall provide, if requested by the owner or occupant, reasonable proof of the existence of those graves or burial sites;

(c) Access shall be limited to the purposes of visiting the grave, maintaining the grave, and conducting genealogical research;

(d) The access route shall be designated by the landowner or limited to an obvious access route that is visible from view of the property. The owner shall not be required to create a road for access;

(e) The time and manner of access shall be reasonable and designated in writing signed by the descendants or

family members and the landowner. Access shall include nonvehicular access;

(f) No state administrative regulation or county ordinance shall require paving, graveling, or fencing off of an access route to a cemetery or grave. Any new road for access completed after a negotiated agreement with the landowner shall be at the expense of the descendants;

(g) Descendants and family members of the deceased person shall conduct themselves in a manner that does not damage the private lands, cemetery, or grave sites, and shall be liable to the owner of the private lands for any damage caused as a result of their access; and

(h) Nothing shall require the landowner to build any fences or supply gates, but if the descendants negotiate for an access route, any fencing, road creation, or maintenance shall be at the expense of the descendants. The access route shall not interfere with the landowner's operation.

(2) The right of ingress to and egress from the location of the burial of descendants' and family members' ancestors and relatives on privately owned lands in the Commonwealth that is recognized by the General Assembly in subsection (1) of this section is not intended to alter the recognized common law right of a person to visit the grave site of a deceased relative, nor shall it alter any easements, licenses, privileges, or other dedications which grant the right to visit the grave sites of deceased relatives and are in existence on the effective date of this Act.

(3) Any person denied reasonable access under the provisions of subsection (1) of this section may bring an action in the Circuit Court of the county in which the cemetery or grave site is located to enjoin the owner of the private lands on which the cemetery or grave is located, or his or her agent, from denying the person reasonable ingress to and egress from the cemetery or grave site for the purposes set forth in subsection (1) of this section. In granting any relief, the court may set the frequency of access, hours, and duration of the access.

(4) A landowner who violates the provisions of this section shall be guilty of a Class B misdemeanor.

(5) Human remains found on the surface or unearthed in an unauthorized excavation of a cemetery or a known or unknown burial ground shall escheat to and become the responsibility of the state unless the remains are claimed by the descendants or family members of the person buried or the rights to the remains are waived by the descendants or family members of the person buried. Human remains that are the property of the state shall be reinterred in their total parts, except for autopsy samples, in suitable and designated burial sites under state control and maintenance within three (3) years of being found. If more than twenty-five (25) separate human bodies or parts thereof are located in a single site, the bodies shall be reinterred within five (5) years from the date of the exhumation. (6) This section shall not apply to:

(a) The treatment of cemeteries, abandoned cemeteries, or archaeological sites as a result of surface coal mining conducted in accordance with a permit issued under KRS Chapter 350; and

(b) Archaeological investigations and data recovery projects conducted under Section 1065 of the Federal National Historic Preservation Act of 1966, 16 U.S.C. sec. 470f, and its implementing regulations, 36 C.F.R. Part 800, as amended.

(2) The coroner shall notify the council if he or she, the state medical examiner, and local law enforcement personnel have no forensic or criminal concerns about the human remains at the site.

(3) If the human remains reported to the council are associated with a cemetery that has been disturbed by accident, maintaining the cemetery's integrity shall be the responsibility of the landowner and shall be subject to the conditions set out in subsection (1) of Section 3 of this Act. The council shall advise the landowner of the steps to be taken to stabilize, repair, and document the disturbance to the cemetery. If relocation of the cemetery is necessary, the landowner shall comply with the relocation procedures specified in KRS 381.755.

(4) If human remains are found on the surface or unearthed in an unauthorized excavation of a cemetery or burial ground, they shall become the property of the state and shall be treated in accordance with subsection (5) of Section 3 of this Act unless:

(a) They are claimed by any lawful descendants or family member of the person buried; or

(b) The rights to the remains are waived by the descendants or family members of the person buried.

(1) Any person or institution wishing to possess human remains or burial objects, other than human remains lawfully cremated, shall apply for and obtain a permit from the Office of Vital Statistics. The permit provided under this subsection shall not be issued until after the Office of Vital Statistics has consulted with the state medical examiner and

the council.

(2) The Office of Vital Statistics shall issue a permit to the applicant only if the office and the state medical examiner determine that the human remains or burial objects are to be possessed for teaching, medical, scientific, or educational purposes.

(3) The Office of Vital Statistics shall approve or deny the issuance of a permit within thirty (30) days of receiving the applicant's request. If the applicant is denied a permit, the office shall provide the applicant with a written explanation for the denial.

(4) Any person who is aggrieved by the Office of Vital Statistic's denial of a permit may appeal to the Circuit Court of the county in which the human remains or burial objects are located. The office shall be a necessary party to any appeal.

(5) A permit issued under this section shall name the person or institution authorized to possess the human remains or burial objects and the manner by which the human remains or burial objects shall be disposed of following their use.

(6) (a) The knowing possession, utilization, or disposition of human remains or burial objects without a permit or other lawful authority or in a manner contrary to a permit issued under this section shall be a Class A misdemeanor for the first offense and a Class D felony for each subsequent offense.

(b) All human remains or burial objects possessed or used in violation of this section shall be seized, shall become the property of the state, and shall be treated in accordance with subsection (5) of Section 3 of this Act, unless:

1. They are claimed by any lawful descendants or family member of the person buried; or

2. The rights to the remains or objects are waived by the descendants or family members of the person buried.

(7) In addition to any other penalty imposed, the tools, implements, or other items used in the disinterment and the vehicles used for transporting human remains or burial objects shall be seized and, upon the defendant's conviction, forfeited to the Commonwealth to be sold at public auction. The proceeds from the sale of items forfeited shall go to the council for the purpose of administering Sections 1 to 6 of this Act. Additionally, any person found guilty of violating this section shall reimburse the Commonwealth for the cost of properly disposing of the human remains and burial objects.

(8) This section shall not apply to human remains or burial objects acquired prior to the effective date of this Act.
